Importance: High

Dear Transit Agency Partners,

NCDOT-IMD, in collaboration with NCDHHS, are currently collaborating on a plan to assist local transit agencies in providing rides to COVID-19 vaccinations. To assist in this effort, we have put together the a survey and would appreciate your immediate attention in filling it out. We need it back by close of business Wednesday (01/13/2021). It will help us in developing guidance and options that we will share with you.

In the interim, we wanted to also make sure that you have seen the December 29th, 2020 FTA posting of a new Frequently Asked Question (CE18) regarding eligibility of transportation services to COVID-19 vaccination sites on its website that covers the Coronavirus Aid, Relief, and Economic Security (CARES) Act and ER funding requirements. Key to the new guidance is the following statement:

CARES Act and Coronavirus Response and Relief Supplemental Appropriations Act, 2021 Funds
CARES Act and Coronavirus Response and Relief Supplemental Appropriations Act, 2021 funding may be used to cover operating expenses for any public transportation service to COVID-19 vaccination sites at a 100-percent federal share.
For your reference in completing the survey, the following is NC's planned phased approach for vaccination roll out.

Please complete the survey by clicking here: **NCDOT-IMD - Transportation to Vaccine Survey**. The survey should be completed by COB this Wednesday. If you have any questions, please contact your Planner.
