

THE REAL DEAL ABOUT **REAL ID**

Congress passed the REAL ID Act requiring states to issue identification that meets higher security standards.

- ★ A single form of identification for ease of travel
- ★ An increased security measure (*Verifies identity and residency*)
- ★ Meets federal identification requirements for TSA and federal facilities, including military bases and nuclear power plants
- ★ A driver license or identification card with a gold star
- ★ Same cost as a driver license and identification card
- ★ Must be obtained in a driver license office
- ★ Non-REAL IDs will not have the gold star and will be clearly noted “Not for Federal Identification”.
- ★ Without a REAL ID, you will need to contact TSA and each federal facility about the additional identification required for access.
