Checklist for Requalifying as a Subcontractor

By completing this package, your firm is requesting to be requalified as a Subcontractor. The following checklist has been provided to assist you in completing this package. Please review this list and verify that all necessary items have been completed.

- 1. All information on the front sheet has been completed.
- 2. Items on page 3 of the application have been addressed.
- 3. Check the work codes for which your firm wishes to be approved.
- 4. Complete Parts 1 and 2 of the Safety Index, including your firm's Experience Modification Rate (EMR) and Incident Rate. If you do not have worker's compensation insurance, please check the box associated with EMR. If your company is three years old or less, please note this next to Part 2, Question 1 where EMR is discussed. All firms must complete Parts 1 and 2 of the Safety Index. The Safety Index, as a whole, has a total of 110 possible points.
- 5. Complete the work location sheet. Please only check counties or divisions where you typically work. This action does not prevent you from working elsewhere in the state.
- 6. Complete the affidavit on the last page of the application.
- 7. Submit completed package to: prequal@ncdot.gov

Applications not completed in their entirety will not be approved.

If approved, your firm will be added to the vendor list Directory of Transportation Firms, which can be found at [Directory of Firms](#) by typing in the name of your firm and hitting Enter.

General Questions

1. Is anyone working for your company, who is in a position to make decisions for the company, related by blood or marriage to any person employed by the North Carolina Department of Transportation (NCDOT)?

Yes No

If yes, please provide the name(s) of said person(s) employed by NCDOT and the Unit or Division where they work.

Name: _____ Unit/Division: _____ Telephone: _____

Name: _____ Unit/Division: _____ Telephone: _____

Name: _____ Unit/Division: _____ Telephone: _____

If there are more than three, please attach a full list containing their name(s) and the Unit or Division where they are employed.

2. In many cases, you will be required to hold a contractor's license prior to perform the work. Please list all Contractor Licenses (not business licenses) that your firm currently holds for North Carolina. If your firm holds a North Carolina General Contractor License, please list its classification (Highway, Building, etc.). If there are more than three (3), attach a list.

License Type: _____ Classification: _____ Limitation _____ License #: _____

License Type: _____ Classification: _____ Limitation _____ License #: _____

License Type: _____ Classification: _____ Limitation _____ License #: _____

Please take a few minutes to let us know what type(s) of work your firm is qualified to perform by placing a check by the appropriate work code(s). Work Codes 000200 through 001740 correspond to the Article of the Standard Specifications that is applicable to the work. If there are any others, please list at the end with 099 Other.

ONLY CHECK THE WORK YOUR OWN FORCES CAN ACCOMPLISH. DO NOT CHECK THE WORK THAT YOU SUBCONTRACT. ONLY CHECK WORK THAT YOU OFFER AS A BUSINESS SERVICE.

Requirements include provisions for the evaluation of a new or existing firm's safety record. A safety index of D to A+(60 to >100) is considered satisfactory. The Carolina Building Star Program membership can result in receiving extra credit toward your final score. In addition, a safety index of D (60 to 69) may be considered marginal and/or may result in a safety audit or inspection by either the North Carolina Department of Transportation's Construction Unit, Area Resident Engineer's Office or the Occupational Safety and Health Division of the North Carolina Department of Labor. Any safety index of U (≤ 59) is considered unsatisfactory and will prohibit prequalification or approval of new firms and/or renewal for existing firms. These companies will not be approved for prequalification or subcontractor approval until they can provide adequate evidence that safety deficiencies have been corrected.

| Safety Index Rating | | |
|-----------------------------------|---|--------------------|
| <u>Total Safety Profile Score</u> | = | <u>Index</u> |
| ≥ 100 | = | A+ |
| 90-99 | = | A |
| 80-89 | = | B |
| 70-79 | = | C |
| 60-69 | = | D |
| ≤ 59 | = | U (Unsatisfactory) |

When any existing prequalified bidder or approved subcontractor company's safety index becomes unsatisfactory, that firm will be subject to removal from the Department's List of Prequalified Bidders and/or Approved Subcontractors. Once the Contractor's safety index becomes unsatisfactory, it will be required to show cause in writing as to why the company should not be removed from the prequalified bidders' and/or approved subcontractors' lists. After the Department reviews the Contractor's safety records and show cause response, one of the following actions may be taken: The Contractor may (1) be removed from the list of prequalified bidders and/or approved subcontractors, (2) be placed on probation for up to two years, (3) perform an in-depth safety inspection of their firm's safety practices, (4) receive a written warning to correct the deficiency, or (5) any combination of the previous.

The action taken will depend on the severity and nature of the safety violations. Any removal from the list of prequalified bidders and/or approved subcontractors will be for a minimum of 30 days. To be reinstated, the Contractor must satisfactorily demonstrate that all safety deficiencies have been corrected. Any company that is repeatedly removed from the list of prequalified bidders and/or approved subcontractors due to safety may be subject to permanent disqualification.

The safety index rating procedures have been designed to minimize any impact on the final safety index rating related to the size of the company.

Part 2: Contractor's Safety Operating Profile (Possible 105 Points)

Listed below are questions to be used to determine your company's safety operating profile. Please provide the answers that best describe your company's present business operating practices regarding safety. Any additional responses may be attached as needed. The North Carolina Department of Transportation will complete all scoring. Please note that all questions must be answered.

1. List your firm's Experience Modification Rate (EMR) for the three most recent years. (This Rate can be obtained by contacting your firm's Workers' Compensation Insurance carrier.)

| | | | | |
|-------|--|-------|--|--|
| Year: | | Rate: | | |
| Year: | | Rate: | | |
| Year: | | Rate: | | |

Average three year rate: _____

If your Workers' Compensation insurance carrier does not have an EMR for your company, please attach an explanation. If your firm does not have Workers' Compensation Insurance, please check the box below.

This firm does not have Workers' Compensation Insurance

2. Using the formula below, determine your Incidence Rate for Total Lost Workday Cases for the three most recent years. This information can be found on your firm's OSHA 200/300 logs. If your firm does not maintain OSHA 200/300 logs, the Incident Rate must still be calculated.

| Year: | Number of injuries and illnesses that resulted in lost work days or days of restricted activity (This is <u>not</u> the number of lost work days, only the number of incidents): | Total number of hours worked by all employees during the calendar year: Note: If Sole Proprietor, list own Hrs. |
|-------|--|---|
| | | |
| | | |
| | | |

Incidence Rate for total lost workdays = (Number of accidents that resulted in lost work days or days of restricted work activity) x 200,000 ÷ (Total hours worked by **all** employees during the Calendar year.)

List your company's North American Industry Classification System Code (NAICS) if different than 23730 (A short list of NAICS codes are listed on Part 3 of the Safety Index)

3. Within the last two years, has your company received any citations (open or closed) for OSHA defined 'Repeat' violation(s) in any state where your company operates?

If so, attach a copy of each citation. Yes No

4. Within the last two years, has your company received any citations (opened or closed) for OSHA defined 'Willful' violation(s) in any state where your company operates?

If so, attach a copy of each citation. Yes No

5. For any state where your company operates:

Has your company experienced any work-related fatality within the last five years? Yes No

Were any citations (open or closed) issued by OSHA as a result of the work related fatality?

Yes No

If so, attach a copy of each citation. Please include a statement explaining each fatality you identified.

Part 3: Standard Industry Classification Codes For Construction

For reference purposes to assist with answering Part 2, Question 2. Most firms involved with Highway and Street Construction will use 2373.

- 2361: General Building Contractors – residential
- 2362: General Builders – nonresidential
- 23711: Water and Sewer Line Contractors
- 2373: Highway and Street Construction (Airports, highways, Streets & Sidewalks)
- 2379: Heavy Construction, Except Highway and Street (Bridges, Tunnels, Water & Sewer)
- 23821: Electrical Contractors
- 23822: Plumbing, Heating & Air Conditioning
- 23832: Painting (includes bridge painting and pavement marking)

If your company performs multiple classifications listed above along with Highway and Street construction, use NAICS Code 2373.

For additional NAICS codes, contact OSHA of the U. S. Department of Labor or visit their website.
