STATE HIGHWAY ADMINISTRATOR

September 13, 1990

TIP NO.: U-2418 ESTIMATE TYPE: T

MEMORANDUM TO: Mr. Calvin W. Leggett, P. E.
Program Development Engineer

FROM: for J. D. Lane
Preliminary Estimates Engineer

SUBJECT: Cost Verification - Project (TIP No. U-2418) Rockingham County
US 29 Southern Loop in Reidsville, from US 29 Business to NC 87

The construction cost estimate for the subject project was updated on September 13, 1990. The verified cost is $11,300,000 as compared with the previously estimated cost of $11,200,000 (T) (September 6, 1990).

| Cost Estimate | TIP | Verified | Difference |
|---|---|---|---|
| Construction | $7,200,000 | $11,300,000* | + $4,100,000 |

This construction cost exceeds that shown in the current TIP. This cost differential should be resolved in accordance with the policy on monitoring project cost and scope prior to updating the PMSS cost and proceeding with this project. The difference between the current and previously estimated construction costs is due to breaking the project into two parts (grading & structures and paving) and adding fine grading to the pavement portion. The difference between current and TIP estimates is due to scope changes consisting of extending the length and changing typicals to 64' face-to-face.

| | | |
|---|---|---|
| U-2418 | $ 7,000,000 | (G&S) |
| U-2418A | 4,300,000 | (P) |
| Total | $11,300,000 | |
