---

The Integrated Mobility Division is in the process of creating a database of Submitted RAISE Grants within the State of North Carolina. Reasons for this include IMD's interest in what is actively under consideration for funding by USDOT and considerations for future coordination on submitted projects going forward.

If your organization is or will be a part of a submitted project, please submit the following requested information here: [RAISE Inventory \(FY21\)](#)

- Name of Organization(s) that applied
- Name of the Project
- Description of Project
- Whether the project contained any Multimodal components
- Multimodal Details, if any

Thank you for your time and if you have any questions, please do not hesitate to ask.
