Good Morning Transit Partners,

We have received several requests for POP extensions on capital projects. We are currently working to evaluate all outstanding vehicle deliveries. Any vehicles that have not yet been delivered or will not be delivered by June 30, 2025, will be included on a blanket extension. This POP extension will end June 30, 2026.

We have several capital projects still open from FY22 – FY24 in which vehicles have not been ordered, or IMD has no record of vehicle order replacement. These projects will be closed at the end of the current period of performance.

For all FY25 vehicle projects that have not been ordered, please submit your vehicle orders as soon as possible and notify Chris Dodson.

If you did place a vehicle order and there has been a significant delay in delivery, please reach out to Chris Dodson as soon as possible.

All agencies receiving a blanket extension for their vehicle orders will receive a copy of the blanket extension in coming weeks.

If you have any questions, please reach out to Chris Dodson, Myra Freeman, or Beth Gay.
