Dear Transit Partners,

The North Carolina Department of Transportation (NCDOT) is currently developing a statewide Safe Routes to School (SRTS) Strategic Plan to help guide future program development, partnerships, engagement, and infrastructure and non-infrastructure investments across North Carolina.

As part of this effort, NCDOT is conducting outreach to partners and practitioners representing transportation, public health, education, regional planning, community organizations, and Safe Routes to School implementation across the state.

We invite you to fill out our survey at the link below, which should only take about 8-10 minutes of your time. The deadline to complete the survey is Friday, August 7.

Survey Link: <https://publicinput.com/srtsnc>

Your feedback and input will help NCDOT to:

1. Understand current Safe Routes to School activities and conditions across North Carolina.
2. Identify strengths, successes, challenges, and barriers.
3. Understand technical assistance, funding, and support needs.
4. Inform future priorities and recommendations for the statewide strategic plan.

We hope you will consider participating in this important effort to help strengthen Safe Routes to School across North Carolina. Please let us know if you have any questions.

Thank you.

Jennifer Delcourt, MPH

Statewide Planner & Safe Routes to School Program Manager
