Importance: High

Dear Transit Partners,

I am writing regarding the Special Initiative ConCPT Program. As you know, IMD announced this unique funding opportunity in April to support the coordination of transit services across North Carolina.

We were pleased to receive a strong response from agencies throughout the state, with many innovative proposals focused on enhancing transit mobility and regional collaboration.

Due to the overwhelming interest and volume of applications received, the program has now reached full capacity, and IMD is no longer able to accept additional projects for funding under the Special Initiative ConCPT Program at this time.

IMD does anticipate future funding opportunities through our traditional ConCPT Program and encourages interested agencies to consider applying when those opportunities become available.

If you have questions regarding the traditional ConCPT Program or its requirements, please contact your assigned Regional Grant Specialist for assistance.

IMD appreciates your continued commitment to improving transit connectivity within and across North Carolina's communities. We value your partnership and encourage you to apply for future ConCPT funding opportunities.

Thanks,

Kenetta M. Spence
