Happy New Year, Everyone!

As we all get back into the post-holiday groove, I wanted to provide an update on the training survey and share upcoming training opportunities.

January Training Opportunity: [Can you Comply with Charter Requirements & Earn Revenue? & Understanding School Bus Transportation](#)

Date: January 29, 2026

Time: 2:00 pm - 4:00 pm

Description: This webinar begins by covering school bus transportation and how transit systems can determine which services comply with regulations and avoid providing non-compliant service. The webinar will focus on understanding Charter regulations, understanding exceptions and exemptions, and earning potential new revenue by delivering charter service that meets federal requirements. The key to generating revenue is complying with the Regulations. Revenue earned through providing Charter can be used as local match.
