Subject: NCDOT-IMD State Management Plan Updated March 2022

Good afternoon,

The North Carolina Department Transportation – Integrated Mobility Division has updated its State Management Plan (SMP) for administering federal funds.

The Federal Transit Administration (FTA) requires NCDOT-IMD to develop and maintain a State Management Plan for the federally funded grant programs it administers for the State of North Carolina. This SMP covers the FTA Sections 5310, 5311, and 5339 programs in a single reference document, and is a comprehensive and coordinated document used by NCDOT-IMD, its sub recipients, and the FTA. It also includes IMD's policies, procedures, and administrative requirements.

Comments on the State Management Plan were submitted through our State Management Plan Public Comment Survey that was available for public review and comment from October 25, 2021 through November 29, 2021.

IMD received approval from the FTA on April 12, 2022.

If you have any questions, you can contact John Vine-Hodge at javinehodge@ncdot.gov.

You can access the final plan here: <https://connect.ncdot.gov/business/Transit/Pages/State-Management-Plan-Update.aspx>
