Good afternoon everyone. This is an update to the announcement for opening the FY24 Call for Projects and Unified Grant Application Program (UGA). I have received a number of calls and e-mails regarding the new UGA and not being able to find the documents to begin applying for grants. This is a new process and it will take some time to become familiar with. When you begin your application process and download the UGA from our Connect site, please unzip the folder and open the PDF file to begin. The linked documents folder is not where we want you to begin this new process.

I encourage you to read through the UGA guidance document for information on the programs and how this new process will work. Once you have familiarized yourself, please go to **Part 3** to begin the Pre-Application Registration in Step 1 for whichever grant you would like to apply for first. There is a registration form in Step 1-1 to complete. Once you submit that IMD will receive a notification and we will begin reviewing it and then send back an acknowledgement with more details. This step could take a few days to complete. The pre-registration only has to be completed one time, for the first grant you choose to apply for, additional grants direct you to begin at Step 4.

I hope this e-mail clears up any confusion on where to begin but if you have additional questions please reach out to your Regional Grant Specialist or me at cmfreitag@ncdot.gov.

Thank you.
Carolyn
