Dear Transit Partners,

IMD has analyzed your survey data for vehicle types, options, sizes and dimensions and would like a little more feedback and insight on what you are looking for to fulfill your vehicles needs for the next statewide contract. As we announced on the most recent transit call, we will be having two discussion sessions later this month. If there is a member of your staff that should attend these and does not receive an invite, please forward the invite to them.

Invitations will go out later this morning for the following:

- **Transit Agency Vehicle Spec Discussion Session (General Session) on Tuesday July 29th at 1pm** – will be sent to all agencies
 - This session is open to all agencies and will be a discussion on all of the following vehicle sizes; **Minivans, SUVs, Light Commercial Vehicles, Cutaways and 20-25 Foot Buses**. Discussion will also include information and questions about options available and desired.

- **Transit Agency Vehicle Spec Discussion Session (Large Bus Session) on Thursday July 31st at 1pm** – will be sent to all Urban agencies and any agencies that expressed interest in these sizes in the survey
 - This session is open to all agencies and will be a discussion on all of the following vehicle sizes; **30-35 Foot Heavy Duty Buses, 35-40 Foot Heavy Duty Buses and Larger than a 40' Heavy Duty Buses**. Discussion will also include information and questions about options available and desired.
 - If you are not an urban agency and did not express interest or submit a survey and would still like to attend this meeting, please let me know.

Thank you and please let me know if you have any questions.
