Subject: Visioning Workshop Survey for Technical Assistance
Date: Friday, October 21, 2022 1:06:05 PM

Dear Agency Partners,

The IMD Transit Visioning team needs your help to shape the upcoming Technical Assistance phase. We expect Technical Assistance to consist of six monthly meetings and participating agencies will be assigned in groups oriented around a related agency goal (e.g., service enhancements, staffing, ride scheduling, etc.). **The survey and Technical Assistance is NOT limited to agencies that participated in the in-person workshops.**

We have compiled the top themes from the workshop discussions and your draft visions and goals worksheets. These themes will be documented for each agency in the upcoming workshop summary memo and inform programming the Technical Assistance efforts.

Please respond to the brief survey by October 28th to 1) score the top challenges for your agency, and 2) express your interest and desired topics for Technical Assistance.

Please complete Survey by next **Friday, October 28th**.
