

BraunAbility Commercial DPA Lift Training Webinars

July-December 2019

These webinars will cover aspects of our BraunAbility Dual Parallel Arm (DPA) lift products, including identification, inspection, and pre-trip procedures.

BraunAbility Lifts covered are Century, Millennium, and Vista. It is intended to provide you the information to properly maintain and inspect BraunAbility DPA lifts. You will receive a certificate of attendance after attending the webinar.

This course is not a BraunAbility certification or recertification course.

Please see link below to register for our Dual Parallel Arm Lift training webinars.
