RPO Role in CTP Process

What is a CTP?

(Comprehensive Transportation Plan)

- A long-range, multi-modal transportation plan
- Developed cooperatively with NCDOT, the local planning organizations, and representatives from the county and its municipalities
- Emphasizes incorporating local land use plans and community goals
- Adopted at 3 levels – local (county/municipalities), regional (MPO/RPO), and state (NCDOT)

Updated Long Range Planning Process
