

## **BraunAbility Commercial DPA Lift Technical Training Webinars**

**January-March 2019**

These webinars will cover aspects of our BraunAbility Dual Parallel Arm (DPA) lift products, including identification, maintenance and repair procedures. BraunAbility Lifts covered are Century, Millennium, and Vista. It is intended to provide you the information to properly maintain and repair BraunAbility DPA lifts. This course is not a BraunAbility certification or recertification course.

You will receive a certificate of attendance after attending the webinar.

**Please see link below to register for our Dual Parallel Arm Lift training webinars.**
