## 1.0 INTRODUCTION

Title VI of the 1964 Civil Rights Act, 42 U.S.C. 2000d provides that: “No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.” The broader application of nondiscrimination law is found in other statutes, executive orders, and regulations, which provide additional protections based on age, sex, creed (religion), and disability, including the 1987 Civil Rights Restoration Act, which extended nondiscrimination coverage to all programs and activities of federal-aid recipients, subrecipients, and contractors, including those that are not federally-funded (see Appendix A – Applicable Nondiscrimination Authorities).

Utopia Rural Transit System (URTS) is a recipient of Federal Transit Administration (FTA) funds from the North Carolina Department of Transportation (NCDOT). URTS establishes this Title VI Nondiscrimination Plan for the purpose of complying with Title VI of the Civil Rights Act of 1964, as required by FTA Circular 4702.1B, and related requirements outlined within the FTA Certifications & Assurances, “Nondiscrimination Assurance.” This document details the nondiscrimination program, policies, and practices administered by URTS, and will be updated periodically to incorporate changes and additional responsibilities as they are made. This Plan will be submitted to NCDOT or FTA, upon request.

### 2.3 DECISION-MAKING PROCESS

The URTS Transit Advisory Board (TAB) is the governing board for URTS, and serves as a liaison between URTS, the County Manager, the Board of Commissioners and citizens of Utopia. The Board consults, advises and makes recommendations to the URTS Executive Director in matters affecting service design, scheduling and fares, unmet needs in the service area, marketing, and performance measures. The seven members of the TAB hold bi-monthly meetings and approve various plans/policies/documents by a simple majority vote. These include, but are not limited to, Drug & Alcohol Policy, System Safety Program Plan and Title VI Plan.

The Utopia County Board of Commissioners (BOC) is the legislative and governing body of Utopia County and consists of five members, one elected in each of Utopia County's five districts. Commissioners serve four-year staggered terms. The BOC establishes local ordinances, policies, and procedures, determines the immediate and long-term goals and objectives for the County, and hires a full-time County Manager to oversee the daily operations of the government. The URTS Executive Director reports to the County Manager and presents URTS plans to the BOC for adoption (final approval). One member of the BOC serves as a TAB member. ## 8.7 POPULATION LOCATIONS

Federal-aid recipients are required to identify the characteristics and locations of populations they serve, particularly by race/ethnicity, poverty and limited English proficiency. We will document this narratively or

through maps that overlay boundaries and demographic features on specific communities, and provide this information to NCDOT, upon request. Concentrations of minority, low-income or LEP populations in Utopia County are located within the following areas:

- Newfreedom (40% low-income)
- Frizzle City (LEP-French)
- Lizard Lick (LEP-Spanish)
- Jarctown (37% Black; 23% Hispanic; 5% Asian; etc.)

## 9.0 TITLE VI EQUITY ANALYSES AND ENVIRONMENTAL JUSTICE

**Title VI Equity Analyses.** In accordance with FTA Circular 4702.1B, a Title VI equity analysis will be conducted whenever we construct a facility, such as a vehicle storage facility, maintenance facility, or operation center. The equity analysis will be conducted during the planning stage, with regard to the location of the facility, to determine if the project could result in a disparate impact to minority communities based on race, color or national origin. Accordingly, we will look at various alternatives before selecting a site for the facility. Project-specific demographic data on potentially affected communities and their involvement in decision-making activities will be documented. Title VI Equity Analyses will remain on file indefinitely, and copies will be provided to NCDOT, upon request, during compliance reviews or complaint investigations.

**Environmental Justice Analyses.** As required by FTA C 4703.1, environmental justice (EJ) analyses will be conducted to determine if our programs, policies, or activities will result in disproportionately high and adverse human health and environmental effects on minority populations and low-income populations. EJ applies to our projects, such as when we construct or modify a facility, and our policies, such as when there will be a change in service, amenities or fares. Thus, we will look at various alternatives and seek input from potentially affected communities before making a final decision. Demographic data will be collected to document their involvement in the decision-making process. EJ analyses will remain on file indefinitely, and copies will be provided to NCDOT, upon request, during compliance reviews or complaint investigations.

## 10.0 PUBLIC INVOLVEMENT

### 10.1 INTRODUCTION

Effective public involvement is a key element in addressing Title VI in decision-making. This **Public Participation Plan** describes how URTS will disseminate vital agency information and engage the public. We will seek out and consider the input and needs of interested parties and groups traditionally underserved by transportation systems who may face challenges accessing our services, such as minority and limited English proficient (LEP) persons. Underlying these efforts is our commitment to determining the most effective outreach methods for a given project or population.

General public involvement practices will include:

- Expanding traditional outreach methods. Think outside the box: Go to hair salons, barbershops, street fairs, etc.
- Providing for early, frequent and continuous engagement by the public.
- Use of social media and other resources as a way to gain public involvement.
- Coordinating with community- and faith-based organizations such as the Hispanic Liaison, educational institutions, and other entities to implement public engagement strategies that reach out specifically to members of affected minority and/or LEP communities.
- Providing opportunities for public participation through means other than written communication, such as personal interviews or use of audio or video recording devices to capture oral comments.
- Considering radio, television, or newspaper ads on stations and in publications that serve LEP populations. Outreach to LEP persons could also include audio programming available on podcasts.

### 10.2 PUBLIC NOTIFICATION

Passengers and other interested persons will be informed of their rights under Title VI and related authorities with regard to our program. The primary means of achieving this will be posting and disseminating the policy statement and notice as stipulated in Sections 3.0 and 4.0, respectively. Additional measures may include verbally announcing our obligations and the public's rights at meetings, placing flyers at places frequented by targeted populations, and an equal opportunity tag-on at the end of radio announcements. The method of notification will be determined through an initial screening of the area.

### 10.3 DISSEMINATION OF INFORMATION

Information on Title VI and other programs will be crafted and disseminated to employees, contractors and subrecipients, stakeholders, and the general public. Public dissemination efforts may vary depending on factors present, but will generally include: posting public statements setting forth our nondiscrimination policy in eye-catching designs and locations; placing brochures in public places, such as government offices, transit facilities, and libraries; having nondiscrimination language within contracts; including nondiscrimination notices in meeting announcements and handouts; and displaying our Notice of Nondiscrimination at all our public meetings.

At a minimum, nondiscrimination information will be disseminated on our website and on posters in conspicuous areas at our office(s). Project-related information and our most current Title VI-related information will be maintained online.

### 10.4 MEETINGS AND OUTREACH

There is no one-size-fits-all approach to public involvement. A variety of comprehensive and targeted public participation methods will be used to facilitate meaningful public involvement. Methods for engaging stakeholders and target audiences, including traditionally underserved and excluded populations (i.e., minorities, youth, low-income, the disabled, etc.) will include the following:

### Public Relations and Outreach

Public relations and outreach (PRO) strategies aim to conduct well-planned, inclusive and meaningful public participation events that foster good relations and mutual trust through shared decision-making with the communities we serve.

- We will seek out and facilitate the involvement of those potentially affected.
- Public events will aim to be collaborative, fun, and educational for all, rather than confrontational and prescriptive.
- Media plans will typically involve multiple channels of communication like mailings, radio, TV, and newspaper ads.
- Abstract objectives will be avoided in meeting announcements. Specific “attention-grabbing” reasons to attend will be used, such as “Help us figure out how to relieve congestion on [corridor name]” or “How much should it cost to ride the bus? Let us know on [date].”
- Efforts will be made to show how the input of participants can, or did, influence final decisions.
- We will do our best to form decision-making committees that look like and relate to the populations we serve.
- We will seek out and identify community contacts and partner with local community- and faith-based organizations that can represent, and help us disseminate information to, target constituencies.
- Demographic data will be requested during public meetings, surveys, and from community contacts and committee members.

### Public Meetings

“Public meeting” refers to any meeting open to the public, such as hearings, charrettes, open house and board meetings.

- Public meetings will be conducted at times, locations, and facilities that are convenient and accessible.
- Meeting materials will be available in a variety of predetermined formats to serve diverse audiences.
- An assortment of advertising means may be employed to inform the community of public meetings.
- Assistance to persons with disabilities or limited English proficiency will be provided, as required.

### Small Group Meetings

A small group meeting is a targeted measure where a meeting is held with a specific group, usually at their request or consent. These are often closed meetings, as they will typically occur on private property at the owner’s request.

- If it is determined that a targeted group has not been afforded adequate opportunities to participate, the group will be contacted to inquire about possible participation methods, including a group meeting with them individually.
- Unless unusual circumstances or safety concerns exist, hold the meeting at a location of the target group’s choosing.
- Share facilitation duties or relinquish them to members of the target group.
- Small group discussion formats may be integrated into larger group public meetings and workshops. When this occurs, the smaller groups will be as diverse as the participants in the room.

### Community Surveying

- Opinion surveys will occasionally be used to obtain input from targeted groups or the general public on their transportation needs, the quality or costs of our services, and feedback on our public outreach efforts.
- Surveys may be conducted via telephone, door-to-door canvassing, at community fairs, by placing drop boxes in ideal locations, or with assistance from other local agencies like social services.
- Surveys will be translated into languages other than English, when appropriate.

## 10.5 LIMITED ENGLISH PROFICIENCY

Limited English Proficient (LEP) persons refers to persons for whom English is not their primary language who have a limited ability to read, write, speak, or understand English. It includes people who reported to the U.S. Census that they speak English less than very well, not well, or not at all.

In an effort to comply with DOT's LEP policy guidance and Executive Order 13166, this section of our public participation plan outlines the steps we will take to ensure meaningful access to all benefits, services, information, and other important portions of our programs and activities by individuals who are LEP. Accordingly, a Four Factor Analysis was conducted to determine the specific language services appropriate to provide, to whom, and to determine if our communication with LEP persons is effective.

### Four Factor Analysis

This Four Factor Analysis is an individualized assessment that balances the following four factors:

- (1) The number or proportion of LEP persons eligible to be served or likely to be encountered by a program, activity, or service of the recipient or grantee;
- (2) The frequency with which LEP individuals come in contact with the program;
- (3) The nature and importance of the program, activity, or service provided by the recipient to people's lives; and
- (4) The resources available to the recipient and costs.

**Factor #1: *The number or proportion of LEP persons eligible to be served or likely to be encountered by the program, activity, or service of the recipient.***

LANGUAGE SPOKEN AT HOME	Estimate	Margin of Error	Percent of Population	Margin of Error
<b>Total</b> (population 5 years and over):	<b>920,054</b>	<b>+/- 52</b>	<b>100 %</b>	<b>(X)</b>
Speak only English	747,406	+/- 2,668	81.2 %	+/- %
Spanish or Spanish Creole:	99,976	+/- 1,455	10.8 %	+/- %
Speak English "very well"	48,566	+/- 1,870	5.3 %	+/- %
Speak English less than "very well"	<b>51,410</b>	+/- 1,304	5.6 %	+/- %
French:	5,078	+/- 869	.6 %	+/- %
Speak English "very well"	4,167	+/- 760	.5 %	+/- %
Speak English less than "very well"	<b>911</b>	<b>+/- 289</b>	.1 %	+/- %

The US Census Bureau-American Fact Finder (2015) reports that 18.8% of the population speaks a language other than English in Utopia County. After English, the second largest language group is Spanish, then French. The LEP Safe Harbor Threshold provision stipulates that for each LEP group that meets the LEP language threshold (5% or 1,000 individuals, whichever is less) URTS must provide translation of vital documents in written format for non-English speaking persons. Utopia County has 51,410 Spanish-speakers who speak English less than "very well," which meets the safe harbor threshold. Utopia County also has between **622 and 1,200** French-speakers who speak English less than "very well," which meets the safe harbor threshold **based on the margin of error**.

**Factor #2: *The frequency with which LEP individuals come in contact with the program.***

URTS staff are trained on what to do when they encounter a person who speaks English less than very well. URTS will track the number of encounters with LEP persons and consider making adjustments as needed to its outreach efforts to ensure meaningful access to all persons and specifically to LEP and minority

populations of URTS's programs and services. This will specifically be done by distributing customer surveys in English, Spanish and French on a quarterly basis. Surveys will include two specific questions asking the reason for using our services and how often a week our services are being used.

URTS provides rides to approximately 16,000 persons per year. While formal data has not been collected to date, it has been indicated through translation request records that URTS has encountered (120) LEP persons using the service within the last six months.

**Factor #3: The nature and importance of the program, activity, or service provided by the recipient to people's lives.**

URTS understands an LEP person with language barrier challenges also faces difficulties obtaining health care, education or access to employment. A transportation system is a key link to connecting LEP persons to these essential services. URTS has conducted surveys and public outreach to determine how our programs benefit constituents.

URTS's assessment of what programs, activities and services are most critical included contact with community organization(s) that serve LEP persons, as well as contact with LEP persons themselves. Quarterly surveys include specific questions asking which services are most important to the customer, why URTS service is used, and what primary language is spoken.

Through partnerships with the local health department, the Hispanic Liaison, and local educational institutions, URTS has identified activities and services which would have serious consequences to individuals if language barriers prevented access to information or the benefits of those programs. The activities and services include trips to/from Central Utopia Community College, emergency evacuations, and access to health and employment centers in Frizzle City, Lizard Lick and Jarctown.

**Factor #4: The resources available to the recipient and costs.**

URTS contracts with Nextbus to provide real time passenger information in English, Spanish or French on its bus service. Cost of the annual contract is about \$40,000 per year. URTS also contracts with Language Line Solutions to assist with translation and interpretation services. URTS also has two Spanish speaking employees who are familiar with the local Hispanic population, and can provide additional assistance, when needed. Community resources, such as, The Hispanic Liaison are also available to assist when necessary.

**LANGUAGE ASSISTANCE PLAN**

As a result of the above four factor analysis, a Language Assistance Plan (Plan) was required. This Plan represents our commitment to ensuring nondiscrimination and meaningful access by persons who are Limited English Proficient (LEP). This Plan also details the mechanisms we will use to reach LEP persons and the language assistance services we provide. We will provide services to any person, upon request. If an individual is LEP, we will work with the individual to ensure they receive the needed transportation service. Our employees will be routinely oriented on the principles and practices of Title VI and LEP to ensure fairness in the administration of this Plan.

**Language Assistance Measures**

The following general language assistance measures are reasonable and achievable for our organization at this time:

- Translating public notices posted in the local paper and at stations, stops, and in vehicles into **any languages that meet the safe harbor threshold in Factor 1.**
- Vital documents—such as brochures with service times and routes—are translated into Spanish and French across the entire service area, and available in Utopia County facilities, doctor's offices and shopping centers.

- Making a concerted effort to inform LEP persons of available language assistance via staff, broadcast media, relationship-building with organizations, and our website.
- Posting vital bulletin board information and disseminating community surveys in various languages.
- Providing translation and interpretive services when appropriate (upon request or predetermined) at meetings.
- Determining how best to take public involvement to LEP groups directly, including through small group meetings.
- Language line translation services at our call center.
- Where possible, utilizing or hiring staff who speak a language other than English and can provide competent language assistance. URTS currently has two bilingual staff members to help translate calls for LEP Spanish-speakers, and employs several bus drivers who speak Spanish fluently.
  - Note: We will not ask community-based organizations (CBO) to provide, or serve as, interpreters at our meetings. Relying upon CBOs in that capacity could raise ethical concerns. If a CBO decides (on its own) to translate any materials for its constituents, or bring interpreters it trusts to our meetings, we will not object. That is their right.
- Using language identification flashcards to determine appropriate services.
- Establishing a process to obtain feedback on our language assistance measures.

### ***Specific Measures by Language Group:***

**Spanish:** URTS employs two Spanish speaking employees and provides materials in Spanish to assist LEP persons. Our website includes a Spanish translation option. Brochures are printed in English and Spanish and are available at local doctor's offices, the local Walmart, the Hispanic Liaison, La Iglesia de Cristo (church), and Central Utopia Community College. Currently, Central Utopia Community College offers an English as a second language class for which we transport students. Additionally, URTS provides transportation for Utopia Charter School, which serves a large LEP population and transports Spanish-speaking clients to the two local community health centers in Frizzle City and Lizard Lick. URTS information is disseminated in English and Spanish in this area, and we also employ drivers who speak and understand Spanish fluently. Finally, URTS also promotes our services at the annual festival sponsored by El Pueblo in Frizzle City.

**French:** Most of Utopia's French speaking population is located in Frizzle City. Equal to URTS's Spanish-speaking population, we provide information in French to French speaking riders through brochures, notices, and URTS's website can be translated into French. Our website also includes a French translation option. URTS has also partnered with local community contacts, Francois Pierre and Joan of Arc, who work as liaisons and assist URTS with engagement and providing translation and interpretation, when necessary.

### Written Translation and Oral Interpretation

Vital documents will be translated for each eligible LEP language group in our service area that constitutes 5% or 1,000, whichever is less, of the population of persons eligible to be served or likely to be encountered. Translated materials will be placed online and in appropriate public (or private) places accessible to LEP persons. The safe harbor provisions apply to the translation of written documents only, and do not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language services are needed and are reasonable. When appropriate, translation of any document will be communicated orally in the appropriate language.

In the event that the 5% trigger is reached for a LEP language group that is fewer than 50 persons, written notice will be provided in the primary language of that group of the right to receive competent oral interpretation of vital written materials, free of cost. The most effective method of notice, which could be an ad in the local newspaper or other publication, a radio commercial, or door hangers, will be determined in consideration of the circumstances on the ground and in coordination with LEP community contacts.

### Staff Support for Language Assistance

- Agency staff (including call center staff) will be provided a list of referral resources that can assist LEP persons with written translation and oral interpretation, such as the Title VI Officer and Nextbus. This list will be updated as needed to remain current.
- All main offices and vehicles will have on hand a supply of language assistance flashcards and materials translated into the languages of the largest LEP language groups. When encountered by an LEP person, staff (including drivers) should present the individual with a flashcard and let them choose the language. Do not assume you know their preferred language. Drivers are permitted to seek volunteer assistance from other passengers before contacting a referral resource. Document the encounter and report it to the Title VI Coordinator.
- **Training:** All employees will be instructed on our procedures for providing timely and reasonable assistance to LEP persons. New employee orientation will also explain these procedures to new hires. Staff routinely encountering LEP persons by telephone or in person will receive annual refresher training. All other employees will be reminded of LEP through annual Title VI program acknowledgements (Section 5.0) and basic Title VI trainings (Section 11.0).

Project-Specific LEP Outreach

A project-specific four factor analysis will be conducted for any project or outreach event limited to a specific geographical area (i.e., the project study area or outreach area, respectively). Language assistance will be provided in accordance with the measures already outlined, including translating written materials for each LEP language group that is 5% or 1,000, whichever is less, of the project or outreach area population.

Monitoring and Updating the LAP

Monitoring of daily interactions with LEP persons will be continuous, thus language assistance techniques may be refined at any time. This Plan will be periodically reviewed—at least annually—to determine if our assistance measures and staff training are working. Resource availability and feedback from agency staff and the general public will be factors in the evaluation and any proposed updates. Among other practices, this process will include working with LEP community contacts to determine if our employees are responding appropriately to requests made with limited English or in languages other than English, and observing how agency staff responds to requests, including observing drivers or surveying riders. To the best of our ability, we will attempt to never eliminate a successful existing LEP service. Significant LEP program revisions will be approved or adopted by our board or designated official and dated accordingly. LEP data and procedures will be reviewed and updated at least once every three years.

**10.6 DEMOGRAPHIC REQUEST**

All employees will receive basic Title VI training at least once every three years. New hires will receive this training within 15 days of their start date. Basic training will cover all sections of this Plan and our overall Title VI obligations. Staff may receive specialized training on how Title VI applies to their specific work areas. Those who routinely encounter the public, such as office personnel, call center staff, and vehicle drivers, will receive annual refresher training. Trainings will be provided or organized by the Title VI Coordinator and will often coincide with updates to our nondiscrimination policies and procedures. Records of staff trainings, such as agendas, sign-in sheets, copies of calendars, and certificates, will remain on file for at least three years (and in personnel files).

## 12.0 NONELECTED BOARDS AND COMMITTEES – BY RACE AND GENDER

The table below depicts race and gender compositions for each of our nonelected (appointed) decision-making bodies. Member names and full demographics for each committee are available, upon request.

### Strategies for Representative Committees

Diversification goals will be provided to our nonelected boards and committees to help ensure that their membership mirrors our service area demographics, as adequately as possible. We will provide periodic updates on our outreach efforts at meetings. When there is an opening on a board or committee, we will ensure the following:

- Current members will be made aware of diversity goals and polled for nominees.
- Officials from local minority groups will be made aware of the diversity goals and polled for nominees.
- Key Contacts from LEP groups will be contacted and polled for nominees.
- A recruitment notice for a Board Member opening will be posted on our website.
- An advertisement of recruitment notice for a Board Member will be placed with the local newspaper and other publications popular with minorities and other protected groups.

## 13.0 RECORD-KEEPING AND REPORTS

As a subrecipient of FTA funds through NCDOT, we are required to submit a Title VI Program update to NCDOT every three years, on a schedule determined by NCDOT. Records will be kept to document compliance with the requirements of the Title VI Program. Unless otherwise specified, Title VI-related records shall be retained indefinitely. These records will be made available for inspection by authorized officials of the NCDOT and/or FTA. Reports on Title VI-related activities and progress to address findings identified during Title VI compliance reviews may also be provided, upon request. It will occasionally be necessary to update this Title VI Plan or any of its components (e.g., complaints, Public Involvement, and LEP). Updates will be submitted to NCDOT for review and approval, and adopted by our Board when required.

In addition to items documented throughout this Plan, records and reports due at the time of compliance reviews or investigations may include:

### Compliance Reviews

## 14.0 TRANSIT PROVIDERS

### 14.1 SERVICE STANDARDS

#### Vehicle load

The average of all loads during the peak operating period should not exceed vehicles' achievable capacities, which are 8 passengers for a 20' light transit vehicle, 17 passengers for a 25' light transit vehicle, and 21 passengers for a 28' light transit vehicle.

#### Vehicle Headway Standards

Service operates every 45 minutes from early morning into the evening on weekdays. Service should begin no later than 5:40 am and continue until 6:00 pm.

Scheduling involves the consideration of a number of factors including; ridership productivity, relationship to Community Transportation Plan, relationship to major transportation developments, and transportation demand management.

#### On time performance

URTS buses shall never depart from stops early (i.e., no sooner than 30 seconds after arrival, if no one is waiting).

Ninety (90) percent of URTS's transit vehicles complete their established runs no more than five minutes early or late in comparison to the published timetable.

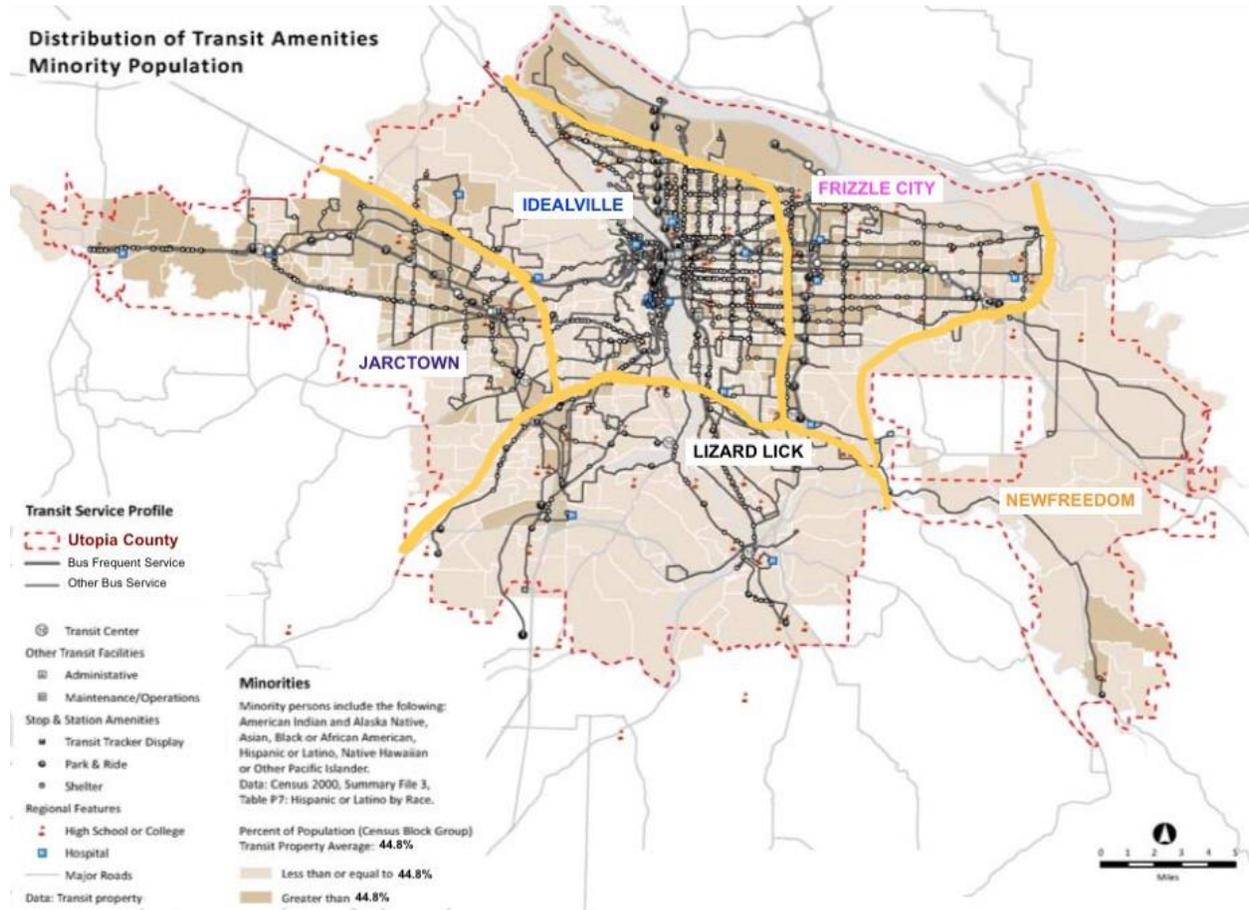

#### Service availability

URTS demand response van service is available throughout Utopia County. URTS will distribute fixed-route transit service so that 90% of all residents in the service area are within a 1/4 mile walk of bus service. Local bus stops will be not more than 3 blocks apart.

## 14.2 SERVICE POLICIES

### Transit Amenities

The map below shows the locations of many URTS amenities—including park and ride facilities, transit centers, pedestrian improvements, and bus shelters—relative to the locations of bus routes and the locations of minority and non-minority populations, to demonstrate how amenities are distributed across the system.

### Vehicle Assignment

The Table below shows the average age of vehicles in relation to jurisdiction served. URTS vehicles in districts with the largest minority populations had an average age of 11 years, compared to the system vehicle average age of 11.9 years.

Utopia County District	Average Year of Vehicle Purchase	Average Age of Vehicles	Minority % of Population
Lizard Lick	2004.4	13.6	35%
Frizzle City	2006.3	11.7	45%
Jarctown	2004.3	13.7	71%
Newfreedom	2005.3	12.7	23%
Idealville	2010.4	7.6	50%
Utopia County (URTS)	2006.1	11.9	44.8%

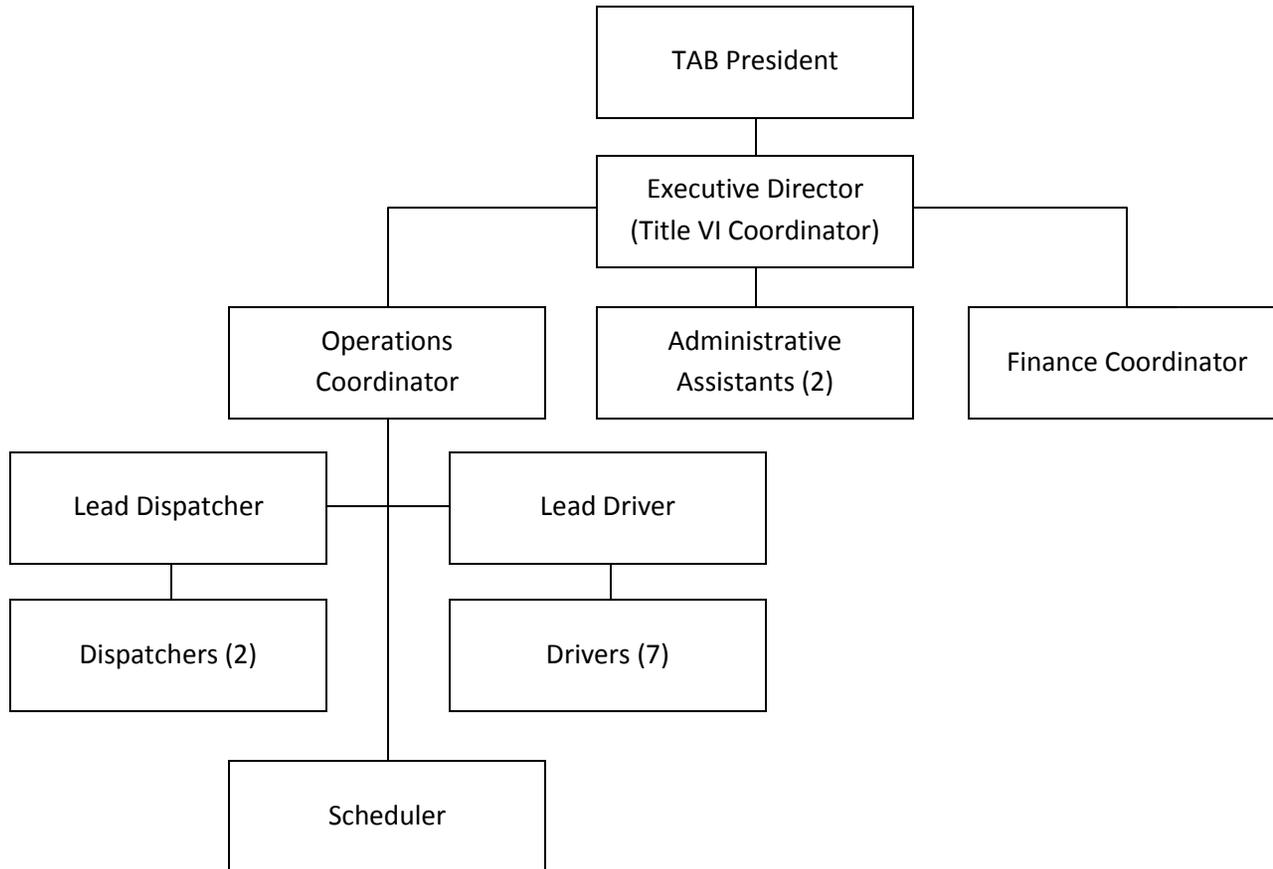

Shaded cells represent districts with Minority % above the County (system) average.
