Grants Admin and Finance Updates

IMD Personnel Update

FY 27 5311 Admin/Oper Allocations

New collaboration meetings with Regional Grant Specialist and Accounting Specialist by region

Finance Updates

Finance Updates

- We have approximately 47 more days remaining in this fiscal year. All projects with a period of performance end date of June 30, 2025, will need to have final claims submitted in EBS on or before **July 30, 2025**.
- IMD will no longer accept claims on these projects after **July 30, 2025**, unless the project has received a signed approved period of performance extension by Beth Gay prior to **June 30, 2025**. Projects without an approved period of performance extension will be closed.
- Please select the final indicator for all final claims.

Finance Updates

- IMD has issued a blanket period of performance extension on all active vehicle projects. If you did not receive a copy of the approved period of performance extension, please reach out to your accounting specialist.
- If we failed to include one of your vehicle projects, please reach out to us immediately.
- This extension did not include any projects that were approved for other capital items; therefore, these must be requested in a separate application.

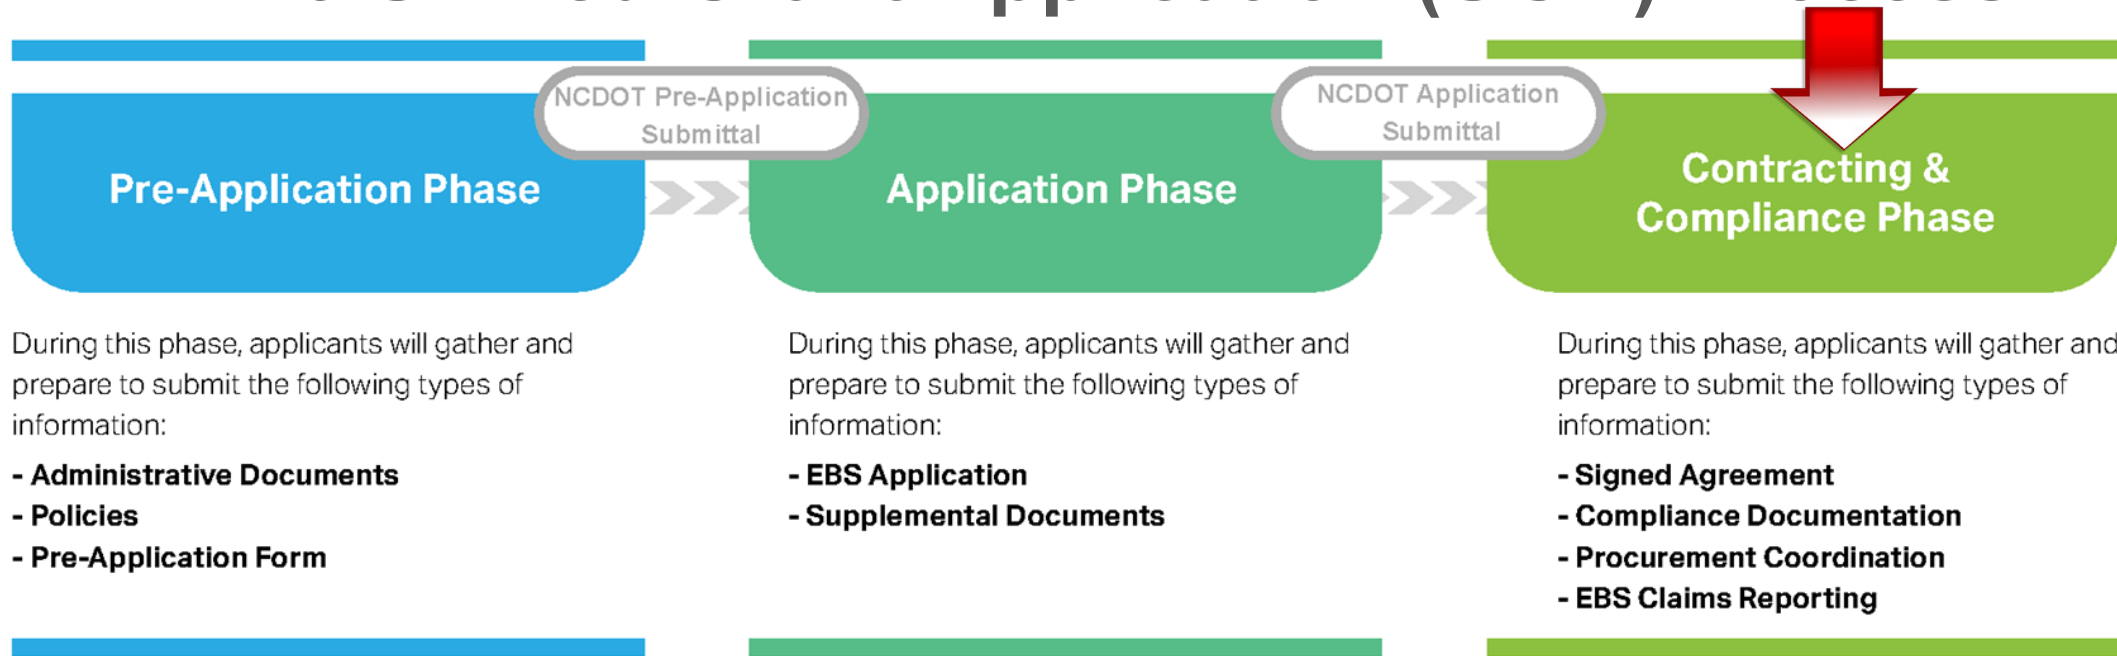

Finance Updates

- A change request must be submitted in EBS to balance all budgets with line items in overdraft. This must be completed prior to submitting the last claim.
- If you have started a claim, and need to submit a change request, you must contact EBSSupport@ncdot.gov to have them delete the claim in order to submit the change request
- If you need any assistance, please reach out to your accounting specialists

Grant Administration Updates

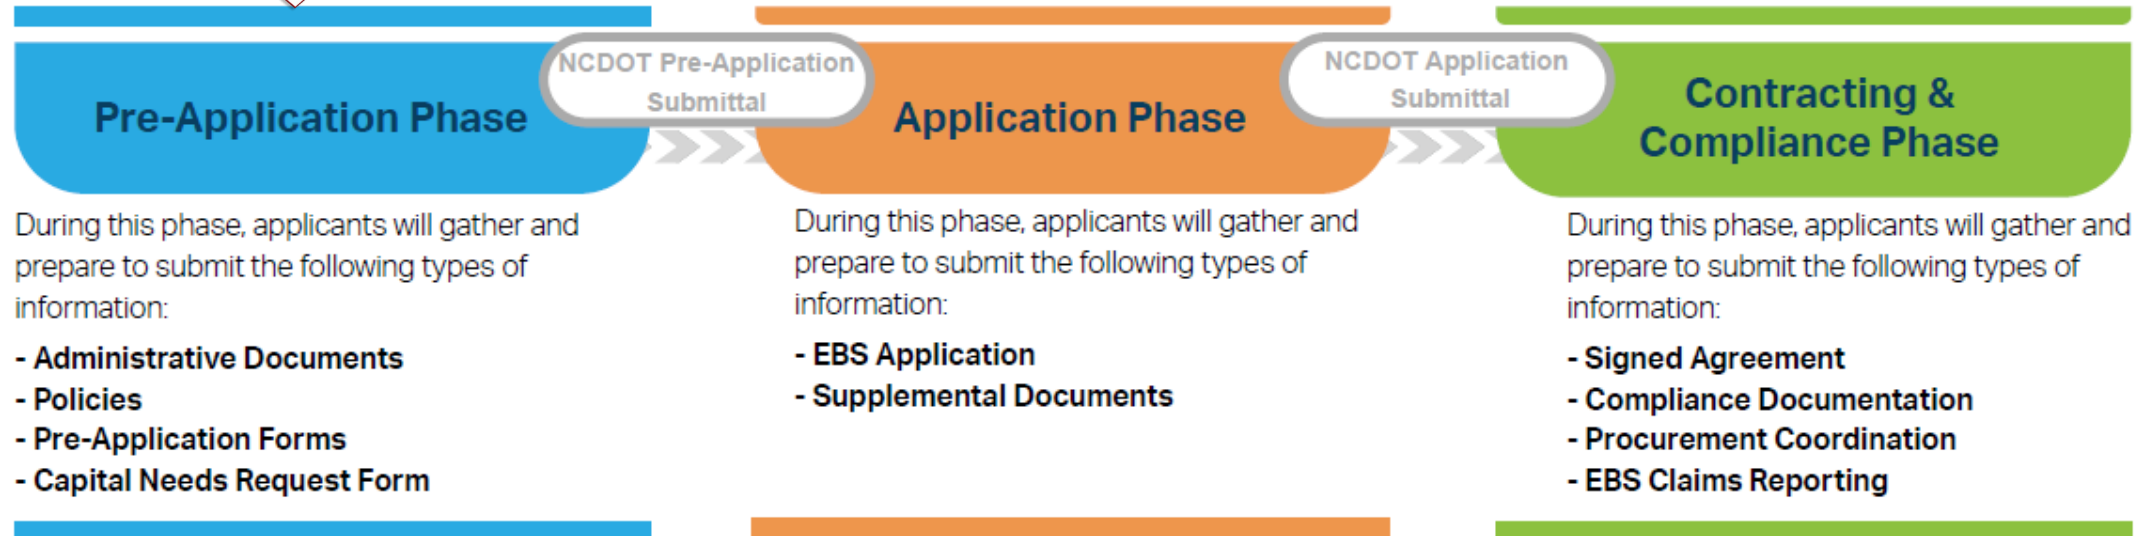

FY 26 Unified Grant Application (UGA) Process

Key Dates:

- The Finance section is working on agreements for FY26 funding
- The Contracting and Compliance Phase begins with the new fiscal year in July

FY 27 Unified Grant Application (UGA) Process

Key Dates:

- The FY27 Unified Grants Application (UGA) cycle is April 1 – October 3, 2025
- The Pre-Application Phase is April 1 – June 3
- The Application Phase is July 1 – October 3
- The Contracting and Compliance Phase is July 1, 2025 – June 30, 2026

UGA Grant Application Page from IMD's Connect Page

Unified Grant Application (UGA)

The Unified Grant Application (UGA) is designed to simplify, streamline, and modernize the process by which applicants apply for state-administered transit funds.

Please download the UGA Guidance. IMD opened the Call for Projects on April 1, 2025:

FY27 Unified Grant Application (UGA)

***Note the UGA PDF works best when saved to your computer and opened in a PDF reader.**

Supplemental documents and guidance are provided under the tabs below. Additional calls for projects including SMAP, ROAP and 5303, can be found as links under the Timeline.

Please contact your assigned Regional Grant Specialist for further assistance.

IMD has prepared an **FY27 Unified Grant Application (UGA) Overview** handout as a job-aid to guide subrecipients through the phased approach of the FY26 UGA. Each phase lists the details and steps which will occur as the application moves through the process.

The following documents are job aids and information to assist with the UGA. The **UGA Roadmap** is your guide to getting started, illustrating the relationship between each document.

- **FY27 UGA Pre-Application (Phase 1) Quick Reference Guide**
- **FY27 UGA Application (Phase 2) Quick Reference Guide**
- **FY27 UGA Application Contracting & Compliance (Phase 3) Quick Reference Guide**
- **Smartsheet Quick Reference Guide**

News & Updates

April 1, 2025 -

IMD has published the **FY27 Unified Grant Application** and opened the Call for Projects.

Smartsheet Quick Reference Guide - IMD has gathered tips and tricks to best utilize Smartsheet and prepared this reference guide. This guide includes how to complete Smartsheet forms and grids which are used throughout the entire UGA process.

UGA Progress Sheet - This progress sheet serves as a tracking sheet for the application process. This progress sheet does not need to be submitted to IMD.

UGA Roadmap - This document provides a quick snapshot of the UGA tools and resources. This roadmap is especially helpful for those who are new to the UGA process.

News for FY 2027 UGA April 1 – October 3, 2025

- Regional Grant Specialists are available to answer questions as you proceed through the application process.
- **IMPORTANT Reminder:** The date for requesting vehicle mileage will be changed to May 31st to ensure enough time for ITRE to collect information and work with our EBS support team to enter the eligible replacement vehicles before the Capital application is scheduled to open in early July.

ROAP Reporting Process

Sally says “don’t sleep on your ROAP reports”. They are due on the 30th of each month

ROAP reporting timeline:

- ROAP reports are due **30** days after the end of the reporting month (i.e., July report is due August 30th)
- **March's** report was due **April 30, 2025**
- **April's** report is due **May 30, 2025**
- Any outstanding report confirmations and/or corrections are due within 4 days of receiving the ROAP Report e-mail
- When program balances reach beyond allocated amounts continue to submit reports and expenses will record in the “**County Funds Used**” column ~ IMD is looking into renaming this column to “Other Funds Used” to cover payments other than County funds.

ROAP Update (Continued)

FY25 ROAP Report SmartSheet Link:

<https://app.smartsheet.com/b/form/5cd8951fef8845a699ec23382a249331>

- SmartSheet system will send automated emails once the RGS has reviewed and approved the monthly report. Transit directors are asked to acknowledge accuracy of information by following the instructions in the automated email within **five (5)** business days.
- If an error is discovered **one (1)** report correction per monthly report is allowed. This change was effective with the December 2024 report.

NCPTA – IMD ROAP Disbursement Discussions

During the past few months, the NCPTA advisory board and IMD have discussed the ROAP program terminology, timing and 2nd allocation and disbursement plan of the previous year's unspent ROAP funds.

ROAP Fund Allocation

ROAP Allocation Terminology:

- **Base Allocation disbursement** of funds are funds appropriated by legislature. Each county's amount is determined by the ROAP funding formulas in each program.
- **Unspent Funds disbursement** of funds is determined by amount of unspent funds after the ROAP program is reconciled at end of fiscal year. The ROAP formula is applied to the unspent funds in each program to determine how much additional funding each eligible county will receive. This disbursement will be made to systems meeting eligibility criteria (i.e., 5% or less unspent funds)

ROAP Funding Allocation Formulas

1st disbursement is equal to amount in allocation table – **minus unspent funds**

Elderly and Disabled Transportation Assistance Program (EDTAP)

- ✓ 50% divided equally among all counties;
- ✓ 22 ½ % based on the number of senior residents per county as a percentage of the state's total senior population;
- ✓ 22 ½ % based on the number of disabled residents per county as a percentage of the state's total disabled population; and
- ✓ 5% based on a population density factor that recognizes the higher transportation costs in rural, sparsely populated counties

Employment and Transportation Assistance Program (EMPL)

- ✓ 10% divided equally among all counties;
- ✓ 45% based on the population of each county as a percentage of the total state population; and,
- ✓ 45% based on the number of unemployed individuals in the labor force as a percentage of the number of unemployed individuals in the labor force in the state, in January, prior to application distribution

Rural General Public Program (RGP)

- ✓ 50% divided equally among all eligible counties; and,
- ✓ 50% based upon the rural population of each county as a percentage of the total state rural population.
- ✓ Excludes the population of the urbanized area as defined by the 2020 Census (See Appendix B for the 2020 Census urban and rural population data)

Estimated FY26 ROAP Program Timeline

- Legislature approves budget amount for FY26 ROAP ~ estimated July – August
- FY25 ROAP program balanced – begin mid-August after June ROAP reports submitted and approved
- ROAP allocation table and application created and announced ~ early September
- Signed application due to IMD within 30 days
- IMD reviews and approves applications and prepares requests for disbursement
- Late October – early November (10-27 to 11-07) estimated date for Base Allocation disbursement
- Mid-November (11-17 to 11-21) 2nd disbursement – unspent funds to eligible systems

Example Calculation of Initial Allocation – Unspent Funds = Adjusted Disbursement

Initial Formula Allocation				Unspent Funds at End of Fiscal Year				Total Initial Allocation - Unspent Funds				Disbursement of Initial Allocation - Unspent Funds Balance			
EDTAP	EMPL	RGP	Initial Allocation	EDTAP	EMPL	RGP	Total Unspent	EDTAP	EMPL	RGP	Adjusted First Allocation	EDTAP	EMPL	RGP	First Disbursement
\$ 107,843	\$ 29,703	\$ 101,250	\$ 238,796	\$ 56,071	\$ 26,727	\$ 72,473	\$ 155,271	\$ 51,772	\$ 2,976	\$ 28,777	\$ 83,525	\$ 51,772	\$ 2,976	\$ 28,777	\$ 83,525

Process:

Step 1: ROAP program is reconciled at end of fiscal year

Step 2: New fiscal year allocation table is created with appropriated amount from legislature

Step 3: Unspent funds (if any) are deducted from individual county allocation. Unspent funds remain with county for use in next fiscal year

Step 4: Disbursement amount is adjusted to reflect unspent funds.

Step 5: Unspent funds + disbursement amount = full allocation amount per the ROAP allocation table

Step 6: Pool of unspent funds are recalculated with the ROAP formulas and disbursed to counties meeting eligibility criteria

ROAP Unspent Fund Allocation Example

- Example of how a disbursement of unspent funds could look like using the formula disbursement for eligible systems (no unspent funds or within certain percentage i.e., 5% or less)
- Unspent funds percentage will be taken from previous years' final spent amount recorded in SmartSheet database

FY23 Unspent funding Breakdown by Program and Total (unspent funds shared proportionally based on ROAP formula)				
System	EDTAP	EMPL	RGP	Total
ABC	\$35,462	\$11,758	\$23,374	\$70,594
123	\$17,067	\$2,029	\$16,794	\$35,890
XYZ* (not eligible for additional funds)	0	0	0	0

Procurement

Vehicle Ordering

- Please move forward with your procurements of FY25 vehicles ASAP if you have not done so already

Implementation of ProcurementPRO

- Starting with FY26-funded projects, all procurements over the current micro purchase threshold (> \$10,000) must go through the ProcurementPRO tool to generate a procurement file for NCDOT-IMD approval
- Exceptions include:
 - Procurements completed utilizing an existing statewide contract (e.g. current minivan contract STC 2510A, radio contract 725G etc...); systems will still need to submit previously required documentation such as Procurement Checklist and Procurement History Form for approval prior to submission of claim
 - Rolling stock procurements using NCDOT-IMD generated order forms; normal process will continue
- A recorded general ProcurementPRO training was completed on 5/7/25 and will be posted to the IMD Procurement page soon
- A system specific (all those invited are projected to complete a procurement over \$10,000 in FY26) ProcurementPRO training will take place on 6/18/25
- Please reach out to Chris Dodson (cbdodson@ncdot.gov; 919-707-4696) with any questions or concerns
