G-Code Expenses

G-Codes & UPTAS

- G-codes (expenditure object codes) are sub-account codes classifying expenditures by the activity in which they are made.
 - The classification makes the budget more intelligible by showing the purpose of each expenditure.
- G-codes are three-digit numbers organized by object, e.g.,
 - G200 Personal services
 - G300 Current Obligations
- The codes are further subdivided for more precise classification, e.g.,
 - G233 First Aid Supplies
 - G321 Telephone Service
- The Uniform Public Transportation Accounting System (UPTAS) guide provides detailed information on G-code classifications and will be updated soon.
- All documents uploaded to EBS as backup documentation MUST be labeled with appropriate Gcode for review by IMD.

G-Code Examples

- G121 Salaries and Wages-Full Time
 - Salaries for full time staff including operations and administration. Note: administrative staff charged to an Admin Agreement may **ONLY** be charged at the approved agreement percentage.
- G212 Uniforms
 - Items of clothing that are required to be worn in the performance of duties and are directly related to the transit project.
 - Note: Uniform cleaning is not a valid expenses under G212. It is eligible under G392.
- G252 Tires and Tubes
 - Tires for transit revenue and support vehicles.
- G311 Travel
 - Mileage and related expenses for travel directly related to the transit project.
- G321 Telephone services
