Good Morning Transit Partners,

Welcome to another weekly Transit to Vaccine Digest.

## Weekly Wins

# VACCINATION TRIPS PROVIDED BY NC TRANSIT AGENCIES

Notes:  
- Vaccination trips provided by public transportation (reported weekly by transit systems)  
- Vaccine availability may impact trip distribution

0 25 50 100 Miles

ITRE - PTG  
April 2021  
\*P:\Transit Technical Assistance\PTD Vaccine  
TDI\Vaccine\_WeeklyTranspo\Vaccine\_WeeklyTranspo\_CT\_Links  
\_18\*\_20210422.aprx\*

Since the beginning of the T2V efforts, **82 Transit Systems (85%)** have reported over **11,303 Trips** and traveled over **90,879 miles** to provide transportation to **7,755** people for vaccinations.

**412** Dedicated Vehicle Days have been provided.

*\*Non-map data from Weekly Data survey through Tuesday, April 27, 2021*

## System Spotlights

-  
**Lee County**

Lee County has worked closely with their Health Department to be able to bring their vans in a separate entrance at each clinic so there is minimal wait for their drivers and clients. That has offered them the chance to bring in additional groups later in the day from the more rural areas of the county.

To market what they are offering, they have used social media outlets, local newspaper press releases, handouts, and radio, which has worked well to let residents know free transportation to vaccines are available. Their call center also lets callers know COLTS is available to them.

They have transported clients to local physician offices and pharmacies as well. This has been very helpful in getting patients in and out to accommodate their operation.

Despite their size, COLTS has transported many residents to much needed vaccines to End COVID! In fact, they had 15 riders scheduled for today's clinic.

Well done Lee County!

### Chatham County

Chatham Transit began working with the local health department assisting with scheduling vaccination appointments for residents with transportation needs in late January 2021. By allowing CTN to schedule vaccination appointments, they were able to provide all needed rides without disruption to their normal schedule. Chatham Transit Network has spread the word about vaccination rides utilizing the local radio station, Facebook, Twitter and with the help of other local agencies. The great partnership that they have with their local health department along with the dedication of their staff has really made this project a success in Chatham County.

Way to go CTN!

### Weekly Data and Claims Reminder

Remember, even if you have no rides, please still submit a data report for the week. If you are a system that primarily provides fixed route services, if you have any data, even if it's only the number of riders, please submit that.

Please remember to submit your weekly data survey by end of day on Tuesdays. The requested information helps our team understand resource and funding needs and communicate those needs and successes.

### Reporting All-Stars

The following systems, who have consistently submitted their data. Thank you for your dedication to communicating successes:

- GoWake – 16 reports (all reporting weeks)
- Wilkes County - 16 reports (all reporting weeks)
- Hoke County – 16 reports (all reporting weeks)
- Cape Fear Public Transportation Authority (Wave) – 16 reports (all reporting weeks)
- Alleghany County – 16 reports (all reporting weeks)
- Lee County – 16 reports (all reporting weeks)
- Mecklenburg County – 16 reports (all reporting weeks)
- Ashe County – 16 reports (all reporting weeks)
- Graham County - 16 reports (all reporting weeks)
- Madison County –16 reports (all reporting weeks)
- AppalCART –16 reports (all reporting weeks)
- Washington County – 15 reports
- McDowell County – 15 reports
- Rowan County - 15 reports
- Kerr Area (KARTS) – 15 reports
- Union County– 15 reports
- Gates County – 15 reports
- Lincoln County – 15 reports
- Macon County – 15 reports
- Albemarle Regional Health Services (ICPTA) – 14 reports
- Avery County - 14 reports
- Cherokee County – 14 reports
- Columbus County – 14 reports
- Harnett County – 14 reports
- Rutherford County - 14 reports

### Communications and Events (Week of 4/19-4/23)

Please see below for a summary of communications and events from last week:

Subject	Date	Notes
---------	------	-------

None

## **Additional Information**

**Don't forget all the good info on our Website!** : <https://connect.ncdot.gov/business/Transit/Pages/Transportation-COVID-19-Vaccine-Sites.aspx>

Thank you!
