The selected firm will be performing those services listed above and will work at the direction and supervision of the Executive Director of the NCTA. In addition, the Financial Advisor will be required to work cooperatively and collaboratively with other firms serving the NCTA and the North Carolina Department of Transportation (NCDOT) including, but not limited to, the General Engineering Consultant, General Counsel, Traffic & Revenue Engineer, and Bond Counsel.

Some of the services being solicited may not require a license. It is the responsibility of each firm to adhere to all laws of the State of North Carolina.

D. Additional Requirements

1. Conflict of Interest

A respondent shall not be eligible to contract with the NCTA if a Board member, employee, or agent is related to the respondent. A respondent shall complete a conflict of interest disclosure statement disclosing any business or familial relationships with Board members, employees or agents of the NCTA, which may disqualify the respondent from consideration.

In addition to established professional canons of ethics, the NCTA expects the following with respect to its consultants' work for the NCTA:

- 1) **No Hostile Positions or Interests.** An NCTA consultant (including the selected firm) will not knowingly support, advance or endorse any project, plan, position or initiative that is hostile to the NCTA's announced position or interests. If the consultant believes that another client is seeking services or support for such a matter, it must contact the NCTA immediately. The NCTA will determine if (and the extent to which) the matter is hostile to the NCTA's position or interests, and what steps, if any, are required – which may include that consultant declining work offered by another party. A project, plan, position or initiative is "hostile" to the NCTA's position or interests if it (a) substantially and materially conflicts with; (b) is substantively incompatible with; or (c) is overtly antagonistic to that position or those interests.

- 2) **Confidentiality.** Except as otherwise instructed by the NCTA, an NCTA consultant (including the selected firm) will maintain the confidentiality of all proprietary, trade secret, sensitive, confidential or other information that would not be subject to disclosure under the North Carolina Public Records Act (Chapter 132 of the North Carolina General Statutes) that you receive as a result of work as a consultant to the NCTA.
- 3) **No Added Costs or Different Contact Persons.** The NCTA's consultants (including the selected firm) should develop sufficient expertise and experience within their organizations to ensure that the NCTA is not asked to work with a representative who is unfamiliar either (a) with the NCTA's activities or (b) to the NCTA's Board and staff.
- 4) **Access To Expertise Acquired Elsewhere.** The selected firm will use know-how, experience, and other expertise acquired performing services for other clients in work for the NCTA, at no cost to the NCTA. The foregoing shall not apply to the extent such disclosure or use would violate restrictions regarding proprietary, trade secret, sensitive or other confidential information. The NCTA believes this is a reasonable expectation since our consultants will be making use of expertise they acquired at the NCTA's expense in serving other clients. The selected firm should take reasonable steps to ensure the communication and sharing of information required for providing the NCTA this expected benefit.

When an NCTA consultant identifies a potential conflict between its obligations to the NCTA and another client, the following procedure shall be followed:

- 1) **Potential Conflict: Notification.** The consultant shall promptly notify the NCTA's Executive Director of the potential conflict.
- 2) **Potential Conflict: NCTA Determination.** The NCTA shall make an initial determination of the existence and magnitude of the conflict.
- 3) **Conflict: Evaluate Strategies.** If the NCTA determines that the potential conflict cannot be addressed solely with a waiver or consent, it will evaluate with the consultant the possible strategies to address the conflict.
- 4) **Conflict: Will "Expectations" Be Met?** A critical factor in evaluating a potential conflict is whether the consultant can assure the NCTA that the four (4) "Expectations" listed above can be met throughout its performance of the work for the other client.
- 5) **Conflict: Required Action(s).** If in the NCTA's view that assurance can be provided, the NCTA anticipates that the conflict can be addressed without requiring the consultant to decline (or withdraw from) representation of the NCTA, the other party or both. In that event, the NCTA may require any one or a combination of actions by the consultant, including its agreement: (1) not to provide advice or other services to the other client in a matter in which the NCTA is, or is likely to be, involved, without first obtaining the written waiver or consent of the NCTA; (2) not to provide advice or services to the other client with respect to issues, assignments or projects specified by the NCTA; (3) maintain wholly separate "teams" within its organization to represent the NCTA and the other

client, a strategy commonly referred to as a “Chinese Wall;” and/or (4) that the individual within its organization who is selected by the NCTA to lead its “team” will be unavailable to the other client.

- 6) **Major Conflicts: Declining/Withdrawing From Work Required.** If the four (4) “Expectations” listed above cannot be met or no other action can prevent the proposed cross-use from prejudicing the NCTA, the NCTA may require the consultant to decline (or withdraw from) representation of the NCTA, the other party or both.
- 7) **NCTA’s Decision Is Final.** The NCTA will afford the consultant a reasonable opportunity to present alternatives or modifications to the foregoing required action(s) or to otherwise address the NCTA’s concerns. However, after providing that opportunity and considering its proposals, the NCTA’s decision will be final.

2. Insurance

The selected firm shall maintain professional liability insurance which shall be evidenced by a certified statement of insurance. If at any time the selected firm fails to maintain the minimum insurance requirement, the contract will be subject to termination. The selected firm will be required to provide errors and omissions coverage including limits of coverage. The NCTA may require additional policies and/or increased coverage limits of the selected firm. The selected firm shall be responsible for any deductible stated in any policy required under Operator’s insurance contract.

In the event that the selected firm fails to maintain said insurance at the levels specified, through the duration of the contract, the Authority may cancel the contract. Any failure by the Authority at any time, or from time to time, to enforce or require strict keeping and performance of any of these terms or conditions shall not constitute a waiver of such terms or conditions or any breach, and shall not affect or impair such terms or conditions in any way, or the right of the Authority to avail itself of such remedies as it may have for any breach or breaches of such terms or conditions.

The firm must have the financial ability to undertake the work and assume the liability. The selected firm will be required to furnish proof of Professional Liability insurance coverage in the minimum amount of \$1,000,000.00. The firm must have an adequate accounting system to identify costs chargeable to the project.

3. Indemnity

The selected firm will be required to defend, indemnify, and hold the NCTA and all of its officers, agents, employees and officials whole and harmless against any and all claims for damages, costs, and expenses of persons or property that may arise out of, or be occasioned by, or from any negligent act, or omission of the selected firm, or any agent,

servant or employee of the selected firm in the execution of performance of the contract, without regard to whether such persons are under the direction of Authority agents or employees.

4. Open Records

All responses submitted to the NCTA become the Property of the NCTA and are subject to the North Carolina Public Records Act (Chapter 132 of the North Carolina General Statutes). Respondents should familiarize themselves with the provisions of that Act. In no event shall the NCTA, or any of its agents, representatives, operators, directors, officers, or employees be liable to a respondent for the disclosure of all or any portion of a response submitted pursuant to this RFQ. If the NCTA receives a request for public disclosure of all or any portion of a response, the NCTA shall notify the applicable respondent of the request and give such respondent an opportunity to assert, in writing, a claimed exception under the North Carolina Public Records Act or other applicable law within the time period specified by law. The NCTA may elect to seek one or more exceptions to disclosure under the Act, nonetheless, the respondent will be solely responsible for ascertaining and forwarding its claims for exceptions directly to the Office of the Attorney General. If a respondent has special concerns about information that it makes available to the NCTA, and which it believes is confidential or constitutes a trade secret, proprietary information or other information excepted from disclosure, such respondent should specifically and conspicuously designate that information as such in its response.

5. Conditions Affecting the Work

The selected firm shall be responsible for having taken steps reasonably necessary to ascertain the nature and extent of the work, and the general and local conditions which can affect the work or the cost thereof. Any failure to do so will not relieve the selected firm from responsibility for successfully performing work without additional expense to the NCTA.

6. Laws and Regulations

The selected firm shall be responsible to fully inform itself of the requirements of, for and to comply with, all applicable local, state of North Carolina, federal and other jurisdictional laws and regulations governing the services to be provided under this contract. Further, the selected firm shall be responsible to obtain, at its own cost and expense, any and all licenses/permits required to transact business in any political jurisdictions to provide the NCTA with all requested services.

7. Respondent's Acknowledgement

By submitting a response to this RFQ, each respondent unequivocally acknowledges that the respondent has read and fully understands this RFQ, and that the respondent has asked questions and received satisfactory answers from the NCTA regarding any provisions of this RFQ to which the respondent desired clarification.

PROPOSED CONTRACT TIME: The contract with the Financial Advisor shall have a term of three (3) years commencing on the date of award with the option of two one (1) year extensions. The entirety of the contract may not exceed five (5) years. If at any time during the contract term the selected firm cannot provide the requested services within the time required by the NCTA or for any other reason, the NCTA reserves the unilateral right to procure the services from any other source it deems capable of providing those services.

- The NCTA Selection Committee MAY, at the Authority's discretion, choose any number of firms to provide the services being solicited.

1. Responses must be submitted on or before the dates and times indicated.
2. The respondent shall execute and file with its response a conflict of interest affidavit.

The Selection Committee will review submitted RFQ response information and score each submitted RFQ response based on the above criteria. Each individual evaluator's scoring sheet for each RFQ response will be totaled and a "mean" score for each selected firm shall be calculated from the remaining scores. The evaluators may establish a "short-list" of firms, who may be required to make a presentation to the NCTA and be interviewed orally at the conclusion of their presentation. If interviews are held, they will be scheduled on December 7, 2017.

The NCTA will notify the most highly ranked respondent of its intent to contract for the requested services based on the respondent's proposal. If the NCTA is unable to execute a satisfactory contract with the selected respondent, the NCTA shall formally withdraw its intent to contract and move down the ranking of respondents and issue an intent to contract with the second-ranked respondent, and shall be undertaken in this sequence until a contract is made or the NCTA, at any time, withdraws its intent to contract and rejects all responses. It should be understood that any contract executed as a result of the procurement shall be governed under, and the rights and obligations of the parties shall be determined in accordance with, the laws of the State of North Carolina.
