MEMORANDUM TO: Prequalified Private Engineering Firms

FROM: M. L. Sylvester, P. E. 
State Construction Engineer

SUBJECT: Technician Level Reimbursable Ranges

The General Assembly recently approved a 1.5% legislative salary increase for Department of Transportation employees. The reimbursable salary range for each technician level has increased as a result of the legislative increase, effective July 1, 2016. The new allowable hourly salary ranges for technician level positions are as follows:

Level	Range
Transportation Technician I	\$15.06 - \$22.88
Transportation Technician II	\$16.10 - \$24.83
Transportation Technician III	\$17.31 - \$27.06
Transportation Technician IV	\$18.60 - \$29.58
Transportation Technician V	\$20.07 - \$32.31
Transportation Technician VI	\$21.64 - \$35.30

This information is being provided to Private Engineering Firms to assist in managing reimbursable rates for their personnel. In order for a Private Engineering Firm to increase the billable rates for their technicians, the Private Engineering Firm must make a request in writing to the Department's Contract Administrator. When a Private Engineering Firm makes a request for an increase in the billable hourly rate for a CEI technician and it is approved, the increase may be made effective upon the date the increase is effective for NCDOT employees.

If you have any questions or require additional information, please contact Ms. Michelle Long, P. E. of the Construction Unit at (919)707-2417 or via email at mglong@ncdot.gov.
