

North Carolina Approved Greenline Routes for Overweight Loads

Updated 1/5/2017 by S Lotfi

LEGEND

Green Line Routes

Approved for Weights Up To But Not To Exceed:
 94,500 lbs. 5 axle vehicle combination
 112,000 lbs. 5 axle vehicle combination with 51' wheelbase
 108,000 lbs. 5 axle vehicle combination
 120,000 lbs. 6 axle vehicle combination with 51' wheelbase
 122,000 lbs. 7 axle vehicle combination
 132,000 lbs. 7 axle vehicle combination with 51' wheelbase

Blue Ridge Parkway
 Detour
 Restrictions
 Not Approved For Greenline

Bridge Structure Data Information
 Posted: SV (single vehicle)
 TTST (tractor-trailer/semi-trailer)

If no numerical figures are shown, this means vehicle/vehicle combination is legal at 80,000 lbs. gross vehicle weight. This is not to be interpreted as legal for what is allowed by permit policy up to 132,000 lbs. If numerical figures are shown, this is stated by tons, therefore multiply by 2,000 lbs. for posted limit.

GREENLINE DETOURS AS OF 7-2-2013

COUNTY	REASON	ROUTE	DETOUR
New Hanover	Low Limit	US17 BUS	US17 BUS to SR1409 to US76 to US17 BUS
