CANCELLATION OF AWARD

Contract No. DO00054
TIP No. B-5230
WBS Element: 42832.3.1
County: Lincoln
Description: Bridge Replacement for Bridge #29

To All Prospective Bidders:

The Bid Proposal stated incorrectly, under the Construction of Superstructure, that the precast prestressed cored slabs to be furnished by the Division. The intent was to let the contractor furnish and install the cored slabs. This error was not depicted at the pre-bid conference and there was no amendment that has been issued prior the bid opening date. Therefore, to have the bids meet the intent of the contract, we decided to cancel the award of the above subject project at this time and re-advertise it on a later date.

I appreciate your interest in bidding on our projects.

Sincerely,

Zaki Wafa, PE
Purchase Order Contracts Engineer
