TIP R-2510B

Washington Bypass

Last Updated: **5/21/08**

The purpose of this Design-Build Release for Construction (RFC) Document List is to ensure that the Design-Build Team, the Alternative Delivery Unit, the Resident Engineer, and other North Carolina Department of Transportation (NCDOT) representatives are moving forward on the DB Project using the most current RFC Documents. This list is to serve as a single point of reference to identify the latest revision available for all RFC documents pertaining to this DB Project.

The presence of an RFC plan on this list in no way relieves the Design-Build Team from satisfying all prerequisites contained in the contract for construction.

Note: Dates in parentheses indicate that the referenced RFC sheets contain multiple seals with different dates.

Primary Contacts:

Design-Build Engineer: Jackie Armstrong, PE, 919-212-3148

Resident Engineer: William C. Kincannon, PE, 252-830-3495

Assistant Resident Engineer: Maria A. Rogerson, PE, 252-830-3495
