RE: Letter of Refinement, CAMA Major Permit No. 184-88, Currituck/Knotts Island Ferry Terminal, Currituck County.

Dear Mr. Winslow:

This letter is in response to a request dated July 14, 2014, including nine attached workplan drawings dated June 26, 2013, submitted by JKF Architecture on behalf of the N.C. Department of Transportation (NCDOT). The request is to authorize the construction of a new welcome center with additional parking areas at the Currituck/Knotts Island Ferry Terminal. The request indicates that an existing building would be demolished and that a new welcome center would be constructed. Additionally, the request indicates that parking areas, traffic modifications, a new ticket booth, and supporting infrastructure would be constructed in conjunction with the new welcome center.

Please be advised that through this **Letter of Refinement**, the N.C. Division of Coastal Management (DCM) conveys its determination that the above referenced request is consistent with existing State rules and regulations and is in keeping with the original purpose and intent of CAMA Major Permit No. 184-88. This letter shall be attached to the original of CAMA Major Permit No. 184-88 and all documents shall be readily available on site when a DCM representative inspects the project for compliance. All conditions and stipulations of the active permit remain in force unless altered herein.

Please contact Greg Daisey or Cathy Brittingham if you have any questions or concerns. Mr. Daisey may be reached via e-mail at [Greg.Daisey@ncdenr.gov](mailto:Greg.Daisey@ncdenr.gov) or by phone at (252) 264-3901 ext. 249.
