Re: WBS: 36247.12.3, 36247.12.4, 36247.12.6

Installation of traffic signal loops in Cleveland, Gaston and Lincoln Counties

Gentlemen,

The Department of Transportation will not proceed with accepting bids for the work on the above referenced project at this time. The project will be re-advertised for bids at a later date. All current plan holders will be mailed a new contract proposal upon re-advertisement of this project.

Please discard any contract proposals that you may already have to avoid confusion with the new sets that will be delivered. We appreciate your interest and look forward to working with you on future projects.

Sincerely,

M.L. Holder, PE
Division Engineer, Twelfth Division

SCN/bke
