Content Summary: Department Answers to Bidder Questions

1. **Question:** Is it correct that there would be no work on this project from April 1st through October 15th?

Answer: Depending on the site the bat moratorium will be applicable, some will not because some projects will utilize the WNC Bat Programmatic Biological Opinion (PBO). This will be determined at the work order level.

2. **Question:** How would payment for the brush debris grinding and removal line item be handled - does the price per cubic yard also include removal from site?

Answer: Yes, the price per cubic yard covers the cost of both hauls to temporary stockpile sites and hauls to final waste locations.
