ADDENDUM # 1

To: Plan Holders

From: Jeffrey E. Alspaugh
Proposal Engineer

RE: **Question & Answer**
Contract ID: DN11769710
County: Cherokee, Clay, Graham, Haywood, Henderson, Jackson, Macon, Swain
Letting Date: February 27, 2018

A bidder has posed the following questions regarding this contract; the corresponding answer has been provided:

Question 1: There are areas along some of these routes where the equipment can not apply the spray thermoplastic due to the tight radii, for example, bullnoses around the median ends, and the radii going into the side roads.

Question 2: The 8" gores for right turn lanes will require hand-extruding, but there are no pay items for this. Will these pay items be added?

Answer for both 1 and 2: The areas of concern, where the equipment can not apply the spray thermoplastic, were not including the contract quantities. The areas are generally not worn out, and will be addressed by State Forces.

These revisions do not change bid items or the associated quantities.

Please insert this letter into the addendum section of the proposal and sign the verification. Thank you for your attention to this matter.
