**ADDENDUM # 1**

To: Plan Holders

From: Andrew Buchanan   
Assistant Proposal Engineer

RE: **Question & Answer**  
Contract ID: DN00281  
County: Macon  
Letting Date: May 11, 2021

A prospective bidder has asked the following question:

**Question:** Can you let me know where the Detour Asphalt Removal is listed? I didn't see it in LS Grading or proposal. What would be the quantity?

**Answer:** Removal of detour asphalt pavement is described in the last paragraph of **SP2 R30A TEMPORARY DETOURS** on page **G-31** of the proposal:

"No direct payment will be made for removing the aggregate base course, earth material and pavement, as the cost of same shall be included in the lump sum price bid for Grading. Such prices and payments will be full compensation for the work of removing, salvaging, and stockpiling aggregate base course; and for placing earth material and pavement in embankments or disposing of earth material and pavement in waste areas."

A quantity for removal of detour asphalt pavement is not provided.

These revisions do not change bid items or the associated quantities.
