RE: **Question & Answer**  
Contract ID: DN11803659  
County: Haywood  
Letting Date: June 12, 2018

A bidder has posed the following questions, regarding the above contract; the corresponding answer is provided below the question:

**Question 1:** Will the winning bidder be allowed to pile the vegetative debris behind the guardrail?

**Answer 1:** Yes, on the I-40 contract (DN11803659), but must not be visible from roadway. "The Engineer may allow for disposal of brush and debris at specific locations with right of way limits that are not visible to motorists and cause no negative affects to adjacent property owners."

**Question 2:** Do the stumps have to be flush cut to the ground? If not, what height can they be left?

**Answer 2:** Stumps will need to be cut to a height no higher than 6 inches.

**Question 3:** Do the chip piles have to be spread out evenly? Is there a depth maximum?

**Answer 3:** Yes, chip piles will need to be spread out evenly to a depth no greater than 6 inches.

These revisions do not change bid items or the associated quantities.
