BIDDER REQUIREMENTS

Ariba Vendor Requirements - The Department of Transportation has implemented a new vendor system. For this proposal/contract, the new vendor system requires that those contractors submitting a bid register as an Ariba Vendor, even if your firm was previously registered under the old system. Attached is a registration packet that will need to be completed and submitted with your paper bid, in the same sealed envelope. If your firm has already been onboarded to the new Ariba system, then you do not need to submit the onboarding packet with your bid. Failure to register under this new system may result in a delay of award or in the Department opting not to award your firm the contract should you be the low bidder.

Bidders must attend the pre bid meeting and sign the sign in sheet to be considered a valid plan holder; details regarding the meeting day, time, location, and point of contact can be found in the proposal. Bidders should bring a printed copy of the proposal, plans, and any relevant supplemental documentation to the pre-bid meeting, as hard copies of these documents will not be supplied by NCDOT.
