Pre-Bid Meeting Notes

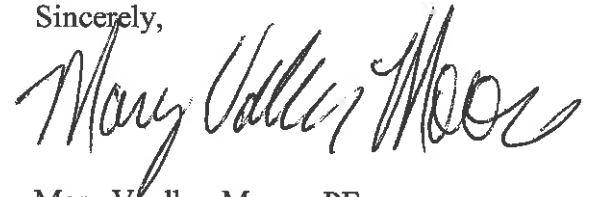

A Pre Bid meeting was held for the above referenced project on March 10, 2022 at 10:00 am at the Division 2 Conference Room. Those in attendance are on the attached sign in sheet.

Ms. Moore began the meeting with reviewing the proposal. Items that were highlighted were;

- The NCDOT has revised the ID/IQ (On-Call) procedures. There are a proposal for Federally funded projects and one for State funded projects.
- The importance of following the Instructions to Bidders to ensure your bid documents are correct.
- Return the **ENTIRE** proposal to the Division 2 Project Development Office at 1037 W.H. Smith Blvd, Greenville NC.
- No Bonds are required. Bonding will be determined at the time the Work Orders are assigned. Bonds will be determined if a Work Order exceeds \$450,000 of work.
- Liquidated Damages are determined by the Work Order amount per SPD 01-820.

- The Contracts can be extended upon mutual agreement 2 times for a total of 3 years. The CPI index for yearly price adjustments. More information can be found in SPD 01-840.
- There are no DBE Goals in the Contract.
- The Federal Contract is required to abide by all Federal Contract Provisions. Including Certified Payrolls.
- The Work Order Sheet was reviewed. This will be utilized for all work for the Federal Contract.
- Emergency Mobilization is applicable for work that is work that must be started within 72 hours and the Contractor does not have any prior knowledge of.
- The Contractor is expected to have a Marking Crew in the Division during the pavement season. Division 2 does not include striping in resurfacing project and utilizes the ID/IQ (On-Call) contract to complete.
- Jim Evans will send the Contractor the maps to be resurfaced during the current pavement season.
- Coordination of this Contract is required between the Pavement Contractors, Jim Evans, and the Pavement Marking Contractors. Expect daily phone calls with Jim Evans.
- Expect some nighttime and weekend work.
- Specialty work of sinusoidal rumble strips and snowplowable pavement markers will be larger quantities.
- Snowplowable pavement markers should be non-cast iron.
- Parking lot stalls are paid the layout and striping of one stall in a parking lot. Symbols will be paid at the unit price of the symbols. This is not for on-street parking.
- Secondary routes may not be restriped. If they are, they will be 90 mils of thermo.
- Hot Spray may be used on maintenance of major secondary routes.
- Polyurea will be used on concrete bridge decks. Several maps will be sent at once. Maintenance work will have several bridge decks.
- There will be a single award for the Federal Contract and one for the State Contract. The majority of the work will be with the State Contract.
- Most work will not require bonds.
- Jim Evans will do a final inspection of all work.
- Contractor is responsible for all Tort Claims.

Sincerely,
