SUBJECT: Response to Request for Information

Our office was contacted by a contractor regarding questions on the above referenced project. In order to allow all bidders the same information regarding this project, we are providing the questions (as received) and answers in this response. The following are the questions and answers:

1. *Can there be clarification (such as a map) to show the location of the shoulder work and striping that will be done according to Typical Section #5?*

Please see the attached map that shows the areas of work for this project.

2. *Are the asphalt quantities correct? They seem too high for the work involved.*

Our asphalt quantities have been checked and bids should be based on those quantities.

Sincerely,
