COMMENTS:

Recommend Award to low bidder. See attached letter for the justification for Award due to the bid being more than 15% below the Engineers Estimate.

Memo for File

From: Christopher Hoffman
Maintenance Project Manager
Maintenance Operations Support Team - Div. 5

Subject: D5POC114 Annual Needs for Pavement Markers
Description: Reevaluation of cost (Engineers Estimate); Recommendation to Award

Due to a disparity between the Engineers Estimate (EE) and the single bidder's quote, a review of the Engineers Estimate was completed to check for errors and discrepancies. No Discrepancies were found. The line items that created the disparity were reviewed for accuracy with available historical data. The engineers estimate prices are created from a review of past Annual Needs contract bid tabs and 2019 Bid averages. While the single bidders line items did come in below the engineers estimate for these items, which created the disparity, the line-item prices were in line with prior Annual Needs Contract prices.

The vendor has performed quality work in a satisfactory manner on other Division 5 Contracts. Based on the bid results received, the vendors prior performance, and the potential critical need of these services, it is recommended that the project be awarded based on the bid received.
