SUBJECT: ADDENDUM TWO FOR DE00132, 17BP.5.R.63 and W-5515, Roadway and Drainage Improvements on SR 1518 (Stewart Farm Road and Newton Dairy Road) from Henderson City Limits to SR 1515 (S. Cokesbury Road) in Vance County, WBS Elements: 17BP.5.R.63, 2016CPT.05.24.20911.1, 44101.3.1

MEMORANDUM TO PROSPECTIVE BIDDERS

It has been brought to my attention that two items need to be clarified on this project.

The Contractor shall quote the lump sum grading price per the plans provided for this project. If there are areas outside of what is shown in the plans, that require grading to accommodate the 2' asphalt widening, this will be addressed with the Engineer at that time.

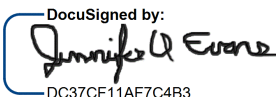

The aluminum box culvert shall be installed per the supplier's recommendations. #57 stone required as backfill will be considered incidental to the Aluminum Box Culvert pay item.

Please acknowledge receipt of this addendum in the proposal.

If you wish to use Expedite Entry in helping you prepare your bids, please use the original EBS file. There are no quantity changes associated with this addendum, therefore NO new bid sheets or amendment files are provided.

If you have any questions, feel free to call me at (919) 220-4600.

Sincerely,

DocuSigned by:
