SUBJECT: ADDENDUM ONE FOR DE00144, 17BP.5.R.58, Replacement of Bridge #71  
on SR 1636 (Sykes Road) over Cypress Creek in Franklin County, WBS  
Element: 17BP.5.R.58

MEMORANDUM TO PROSPECTIVE BIDDERS

It has been brought to my attention that an item needs to be clarified on this project.

Line 0058 in the bid sheet is labeled mistakenly as "Construction, Maintenance & Removal of Temp Structure at Station (14+62.50-L-). There is no temporary structure required for this project. The description should have been "Construction, Maintenance & Removal of Temp Access at Station (14+62.50 -L-). This is consistent with the special provision included in the proposal.

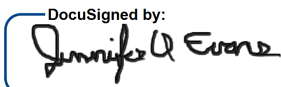

Please bid the lump sum price for line 0058 for temporary access as per the plans and proposal.

Please acknowledge receipt of this addendum in the proposal.

If you wish to use Expedite Entry in helping you prepare your bids, please use the original EBS file. There are no quantity changes associated with this addendum, therefore NO new bid sheets or amendment files are provided.

If you have any questions, feel free to call me at (919) 220-4600.

Sincerely,

DocuSigned by:
