To Whom It May Concern:

Reference is made to the proposal form furnished to you on this project.

The following revisions have been made to the proposal:

Page No.	Revisions
G-3 – G-4 (Fuel Price Adjustment)	Due to technical issues, email submission of this information is permitted for this contract.

These pages within the contract are still valid and no page replacement is required. However, means of Fuel Price Adjustment submissions for this contract are now via email rather than through the AASHTOware bid file. All Fuel Price Adjustment submissions should be emailed to Kayla Cooper, Division Contract Engineer, at kncooper@ncdot.gov for consideration with your bid. If nothing is submitted, then the 2.90 gallons per ton will be considered the final usage factor for the submitted bid.

The contract will be prepared accordingly.

Sincerely,

Kayla Cooper, EI
Division 5 Contract Engineer
