MEMORANDUM TO PROSPECTIVE BIDDERS

It has been brought to my attention that the "Warranty" section starting on page ST-44 requires a letter from the Coating Manufacturer agreeing to jointly execute an agreement to provide a 12-Month Coating System Failure Warranty. The provision states that "**Proposals without the letter from the coating manufacturer will not be accepted.**" This provision did not take electronic bidding into account.

Please replace the sentence above with the following: "**The apparent low bidder will be required to provide the letter from the coating manufacturer within 48 hours of bid opening. Award will not be made without receipt of this letter.**"

If you wish to use Expedite Entry in helping you prepare your bids, please use the original EBS file. There are no quantity changes associated with this addendum, therefore NO new bid sheets or amendment files are provided. If you have any questions, feel free to call me at (919) 220-4600.

Sincerely,
