Operation Time: The Contract time of operations is limited to daylight hours. No work shall be performed on Sundays or State Holidays.

Liquidated damages: Completion date - \$500.00 per calendar day

Litter Pickup: Litter pickup & Removal – Entire cut area shall have litter removed. Any waste material collected shall be hauled at the end of each day to approved dumpsites. No additional composition for dump tickets will be made. Contractor is not responsible for dead animals, or removal of large items requiring equipment.

Vegetation Removal: The Department covered the cut areas as described in the contract. The Department stressed to the contractors the size of cut areas varied depending on location not necessarily based on its route classification. Area of vegetation removal is 20' from furthest point of structure 90°, 20' or to toe of slope whichever is greater forward to the main stream, roadway, or railroad. The Department stated that equipment such as string trimmers, brush cutters, and chainsaws was typical equipment used for vegetation removal. Contractors may use other equipment but would be responsible for any repairs to slopes and structures. Contractors were informed if highwater was present cut area would be modified as needed. All cut debris must be removed by hauling or chipping. The backwall of approach and wings in some areas shall be the point of measure.

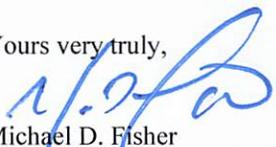

Guardrail: When present, a total of 300' of guardrail, per corner, is included in the normal cut area of the structure. Area is 3' in front and 3' or to shoulder break behind guardrail. This area is considered incidental to the cut area and included in the bid price.

Maps: Bidders asked if maps were available. The Department referenced website containing bridge maps listed in the contract. Upon awarding of contract any additional maps needed would be provided to the contractor.

Representing the Department as Project Administrator will be Eric Matuszewski. The Project Inspector will be determined after Let Date.

These minutes are prepared as they are documented. Any discrepancies with the content of these minutes should be submitted in writing to this office. Failure to do so will be an indication of agreement.

Yours very truly,

Michael D. Fisher
Division Bridge Maintenance Engineer
