To whom it may concern:

Recently, we were advised that we had a corrupt EBX file for this project. We have corrected the issue and prepared a revised file. You will need to update the ebx file and replace it with DG00607.001x.

We have also been advised that the specification for Asphalt Concrete Surface Course Compaction (SP6 R49R) has been removed from our provisions. Please delete this provision in the contract proposal on page RDY – 3.

If you have any questions, please feel free to contact me at (336) 487-0075. Thank you.
