SUBJECT: Mandatory Pre-Bid Meeting Minutes for Bridge Preservation Crew As Needed for Contract MG00489 (Alamance, Caswell, Guilford, Orange & Rockingham Counties)

On March 23, 2026, a Mandatory Pre-bid Conference was held at North Carolina Department of Transportation's Office, located at 1584 Yanceyville Street in Greensboro, NC. The following people were in attendance:

<u>Name</u>	<u>Department</u>
Abdou Salami Yaya	Division Seven Assistant Contract Engineer
John A. Bovine	Assistant Division Maintenance Engineer
Thomas S. Teague	Bridge Maintenance Supervisor
Reggie Barker	Atoah Contracting LLC
Al Jones	Lovin Contracting Co Inc
Dylan Smith	Smith Contractors LLC
Kevin Smith	Smith Contractors LLC

This memo has been placed on the Bidding and Letting Site and must be included in your submittal as an addendum.

After Abdou Salami Yaya (Division Seven Assistant Contract Engineer) greeted everyone, he asked each person to introduce themselves. Yaya opened the mandatory pre-bid meeting for MG00489, Bridge Preservation Crew As needed contract in Alamance, Caswell, Guilford, Orange & Rockingham Counties at 1:00 pm on Monday March 23, 2026, in the Division 7 Project Delivery room with introductions and overview of the meeting. He mentioned that we were meeting on that day for Pre-Bid Meeting for Bridge Preservation Crew as Needed Contract MG00489 (Alamance, Caswell, Guilford, Orange & Rockingham Counties) on various primary and secondary routes to go over the contract and ask questions or provide

specifics for clarification. He also said: the meeting addenda would be distributed as meeting minutes, and the attendees must sign to acknowledge receipt. Also to bid, the contractors must print and mail the entire contract, including all pages and Addenda.

Recommendations were made for all bidder questions to be routed through Jennifer Sour to ensure consistent information distribution.

John A. Bovine (Assistant Division Maintenance Engineer) said the meeting was to make sure that everyone who is going to be bidding had reviewed the copy of the proposal prior to the meeting and that everyone bidding has experience in bridge maintenance activities so that the contract bridge preservation crews could function with a minimum of direct supervision from NCDOT forces. He reiterated that the contractor would be reporting to the TS2 of one of the three maintenance camps located in McLeansville, Wentworth, or Graham, and assigned the jobs that NCDOT Crew need help with. It was mentioned that tasks would be prioritized and assigned according to the urgency required to complete them. Mr. Bovine also mentioned that the contractor will be responsible for providing equipment and labor for assigned tasks and the NCDOT crew will provide all the materials at each job site where the crew is, including erosion control materials. He stated he wanted to clarify if anyone had questions before the bidding could be opened.

Thomas S. Teague (Bridge Maintenance Supervisor) asked whether each bidding team had their erosion control level 2 certification and whether they all had welders. As this was going to be important to have qualified 4G and 5G welders to complete the overhead and vertical bridge beams and things of that nature. It was also mentioned that there would be need for traffic control.

There were no questions during the meeting and at the end of the meeting.

Meeting ended at approximately 1:07pm
