

STATE OF NORTH CAROLINA
DEPARTMENT OF TRANSPORTATION

ROY COOPER
GOVERNOR

J. ERIC BOYETTE
SECRETARY

April 1, 2021

WBS No: 17BP.10.R.144
Contract No: DJ00372
County: Cabarrus
Description: Replace Bridge #53 Over Cold Water Creek on SR 2114 (Centergrove Road)

Addendum No. 1
April 21, 2021 Letting

To: Prospective Bidders

The Department has received a question concerning the above-mentioned project. Please note the question and answer provided below:

- Q. Due to the overhead powerlines, will the department allow alternative pile installation methods such as drilled pile / concreted in place instead of driving with a diesel hammer?
- A. The Department would allow drilled-in piles as an alternate installation method upon request. The pile tip would be required to have a minimum weathered rock socket of 5'(approx. elevation 596 to 597). No additional compensation would be made for the cost of the alternate method as it would be incidental to the contract bid price of the pile.

The changes and attachments included with this addendum will become part of contract DJ00372.

For Electronic Bid using Bid Express® please delete the EBS files you previously downloaded for DJ00372 and download the new EBS files (DJ00372.EBS and DJ00372.001) listed for DJ00372. Bid Express will not accept your bid unless the new EBS file associated with the April 21, 2021 letting is used.

If you have any questions, please contact me at (704) 983-4400.

Sincerely,

DocuSigned by:
