ADDENDUM 1

TO: Prospective Bidders
FROM: Randy Bowers, DDC Engineer *Randy Bowers*
SUBJECT: DJ00124 - Additional File Required for Proper Bid Procedure

There is an additional file required to properly bid on this project. DJ00124.EBS and DJ00124.001 both need to be downloaded to the same folder in order for Expedite to have the proper information (Bid Opening Date, Date of Availability, and Completion Date). The DJ00124.EBS file contains dates that have been revised via DJ00124.001 and will not reflect these revisions on its own. The DJ00124.001 file contains the revised dates, and these dates will populate in Expedite provided both files are present in the same folder.

Please contact Cindy Iorlano or Donald Griffith at (704) 983-4400 with any questions about this addendum.
