

STATE OF NORTH CAROLINA
DEPARTMENT OF TRANSPORTATION

BEVERLY EAVES PERDUE
GOVERNOR

DIVISION OF HIGHWAYS
October 16, 2012

EUGENE A. CONTI, JR.
SECRETARY

TO: Prospective Bidders

FROM:

Ritchie Hearne

Division 10 Project Manager

SUBJECT: Bid Postponement, WBS 10.100411 & 10.200411, Miscellaneous Concrete,
Anson County

The subject bid opening scheduled for Wednesday, October 17, 2012 is being postponed because of confusion regarding contract line item number 1 for "Incidental Concrete Repairs". The following information is being provided to hopefully eliminate confusion among potential bidders on this work.

Line item 1 is to be used only in a special situation where there is work that needs to be performed and is not covered by any of the other contract line items. Line item 1 is not to be used to supplement any other pay item, as pay items stand alone and are considered full and complete compensation for that particular work as described in the NCDOT Standard Specifications. To use line item 1, the contractor and the Department must mutually agree up front that the miscellaneous item of work would require a certain number of man-hours to complete the task. For example, repair to a masonry drainage structure that is partially damaged might be such a miscellaneous item of work. If such repair would require two (2) persons working together for four (4) hours each to complete, then that would total eight (8) man-hours. The contractor would then be paid for eight (8) man-hours times the contract man-hour price for successfully completing this work.

A new proposal with a revised opening date of Wednesday, November 7, 2012 at 10:30 a.m. is now posted for this work. Otherwise, there are no changes to the other pages, including line items and quantities, in the revised proposal. Please use this revised proposal if bidding on this work.
