

STATE OF NORTH CAROLINA
DEPARTMENT OF TRANSPORTATION

PAT MCCRORY
GOVERNOR

DIVISION OF HIGHWAYS
November 1, 2013

ANTHONY J. TATA
SECRETARY

TO: Prospective Bidders

FROM: Curtis Barbee
Division 10 Proposals Engineer

SUBJECT: Bid Postponement, WBS 42327.3.FD1, Removal and Disposal of Bridge # 309 in Anson County

The subject bid opening scheduled for Wednesday, November 6, 2013 is being postponed because of confusion regarding removal of existing structure # 309 and the ability to keep structure from falling into North Fork Jones Creek, which existing permit does not allow.

A new proposal with revised Special Provisions and permits if required will be advertised at a later date. The North Carolina Department of Transportation does not know at this time what this date will be. This information will be made available to all Prospective Bidders per the NCDOT Letting List, Division 10.
