RE: **Question & Answer**  
Contract ID: DN00140  
County: Transylvania  
Letting Date: August 25, 2015

The following question was posed by a bidder:

- Should there be a milling pay item in this contract proposal to allow for a smooth transition onto the new pavement sections?

The response from the engineer is:

- The project is designed for the pavement to be wedged at the transition points. Bids should be submitted with this in mind

Please note that this addendum did not change bid items or the associated quantities, so there is no EBS Addendum file to download.

Please insert this letter into the addendum section of the proposal and sign the verification. Thank you for your attention to this matter.
