ADDENDUM # 1

To: Plan Holders
From: Joshua B. Deyton 
Division 14 Project Team Lead

RE: **Pre-bid Meeting Minutes, Attendance Sheet, Answers to Some of the Questions Asked During Meeting**
Contract ID: DN00759
County: Haywood
Letting Date: September 7, 2021

Please see the attached pre-bid meeting minutes and attendance sheet.

Below is a question that was asked for which we currently know the answer:

Question: Is certified payroll required?

Answer: On page *G-24* of the proposal, under *SPI G103, Submission Of Records - Federal-Aid Projects*, the second paragraph reads: **“This project is located on a roadway classified as a local road or rural minor collector, therefore the requirements of Paragraph IV - Davis Bacon and Related Act Provisions are exempt from this contract. SR 1622 (Long Branch Road) is classified as a local road.**

All other questions, documented in the meeting minutes remain unanswered at this time.

There are no changes to bid items or the associated quantities for this addendum.

Please access ebsx addenda files on Bid Express®.

Thank you for your attention to this matter.

Long Branch Prebid Meeting

DN00759

9/2/2021

10:00 AM Onsite

Contract number – DN00759

Not all the site is within ROW. Right of Entry has been signed to perform the work.

Everyone must sign the sign in sheet to eligible to bid.

After this pre-bid meeting is over, all questions are to be directed to Jeffrey Alspaugh before the bid opening.

Electric online bid.

Bid bond is not required but payment and performance bonds are required.

Date of availability is 9/13/2021

ICT 1 (Complete all work except vegetation) 10/8/2021

Overall completion 9/9/2022

Liquidated Damages is for ICT #1 is \$700 per day. Overall liquidated damages are \$200 per day.

No major contract items and no specialty items.

DBE goal are set at 0%

The question on whether certified payroll is required will be answered through Jeffrey Alspaugh before the time of bid.

Project will be administered out of Whittier Construction

There is no plan to move any utilities that are onsite.

Contractor must maintain traffic for the life of the project.

Question:

Is there any additional ROW on the opposite side of the road from the slide that can be utilized to provide more area to dump trucks and to maintain traffic?

Answer:

More coordination will be needed after contract has been awarded to discuss with property owners since it is not on ROW

Question:

Can the bottom of the site be accessed by utilizing the property on both ends of the project?

Answer:

More coordination will be needed after contract has been awarded and to discuss with property owners since it is not on ROW.
