ADDENDUM #1

To: Plan Holders

From: Wanda H. Austin, PE
Proposals Engineer

RE:
Contract ID: DN11294251
County: Transylvania
Letting Date: September 10, 2013

A question about the estimate quantity of the debris has been raised. The contract states the estimated quantity of brush and stumps is 3,000 cubic yards. Rough measurements were taken yesterday and the actual estimated quantity should be 10,000 cubic yards. Utilizing the machine requirements of the contract, 100 hours is an adequate estimate to include the grinding, repositioning onsite, loading, unloading, etc. of the operation. There are no changes to the bid sheet.

Please insert this letter into the addendum section of the proposal and sign the verification. Thank you for your attention to this matter.
