Addendum No. 1

RE: **DD00387**
Wayne County

To Whom It May Concern:

Reference is made to the above-mentioned project. The following changes have been made:

1. There is a discrepancy on line items 9 & 10, Reflective Post Panels – Red and Yellow. The Item Number and Quantity shows this item is payable by Linear Feet, however, the Special Provisions notes that the item is payable as Each. Please replace pages 16 & 17 of the proposal with the attached pages.

This sheet and attachments shall be made a part of the plans and bid documents and shall be submitted with the bid. Bids submitted without the addenda and attachments will be considered non-responsive.

If there are any questions, please contact me at (252) 640-6433.

Sincerely,

DocuSigned by:

Attachment

TABLE 1205-3 MINIMUM THICKNESS REQUIREMENTS FOR THERMOPLASTIC	
Thickness	Location
240 mils	In-lane and shoulder-transverse pavement markings (rumble strips). May be placed in 2 passes.
90 mils	Center lines, skip lines, transverse bands, mini-skip lines, characters, bike lane symbols, crosswalk lines, edge lines, gore lines, diagonals, and arrow symbols

MINOR LIMBING:

At the direction of the Engineer, the Contractor shall remove brush, overgrowth, or any other natural vegetation that impedes the travelling public's view of the sign. Vegetation shall be cleared a distance from the sign as deemed acceptable by the Engineer. All trimmings shall be removed from the right-of-way.

Prior to performing the necessary limbing, an estimate of the hours required must be submitted and approved by the Engineer. Payment for limbing includes, but is not limited to, all equipment and labor necessary to perform work and dispose of removed vegetation.

Payment will be made under:

<u>Pay Item</u>	<u>Pay Unit</u>
Minor Limbing	Hours

SURFACE MOUNTED SIGN INSTALLATION:

A surface mounted breakaway sign system shall be used when installing signs on concrete medians or islands. Provide surface mounted breakaway sign systems that are listed on the NCDOT Approved Product List. Install all sign systems per the Manufacturer's specifications.

Payment will be made under:

<u>Pay Item</u>	<u>Pay Unit</u>
Surface Mounted Sign System	Each

REFLECTIVE POST PANELS

4363000000-E

Description

Reflective panel for attachment on sign posts to increase sign visibility.

Materials

Reflective post panels shall meet the following specifications:

Minimum Width	3 in
Minimum Height	6 Ft
Reflective Type	Diamond Grade

Panels shall be compatible with square stock posts.

Mounting hardware shall be included in the product assembly.

Construction Methods

Reflective post panels shall be installed on square stock posts below the signs as indicated by the manufacturer.

The Contractor shall maintain the reflective panels until the project is accepted.

Measurement and Payment

Reflective Post Panels will be measured and paid for by the actual linear feet of Reflective Post Panels installed. Such price and payment will be full compensation for all work covered by this section, including, but not limited to, furnishing all materials, labor, equipment and incidentals necessary to install the *reflective post panel*.

Payment will be made under:

Pay Item	Pay Unit
Reflective Post Panel - Red	LF
Reflective Post Panel - Yellow	LF
